## Detail Feature

---

## Roaming Park L.A.

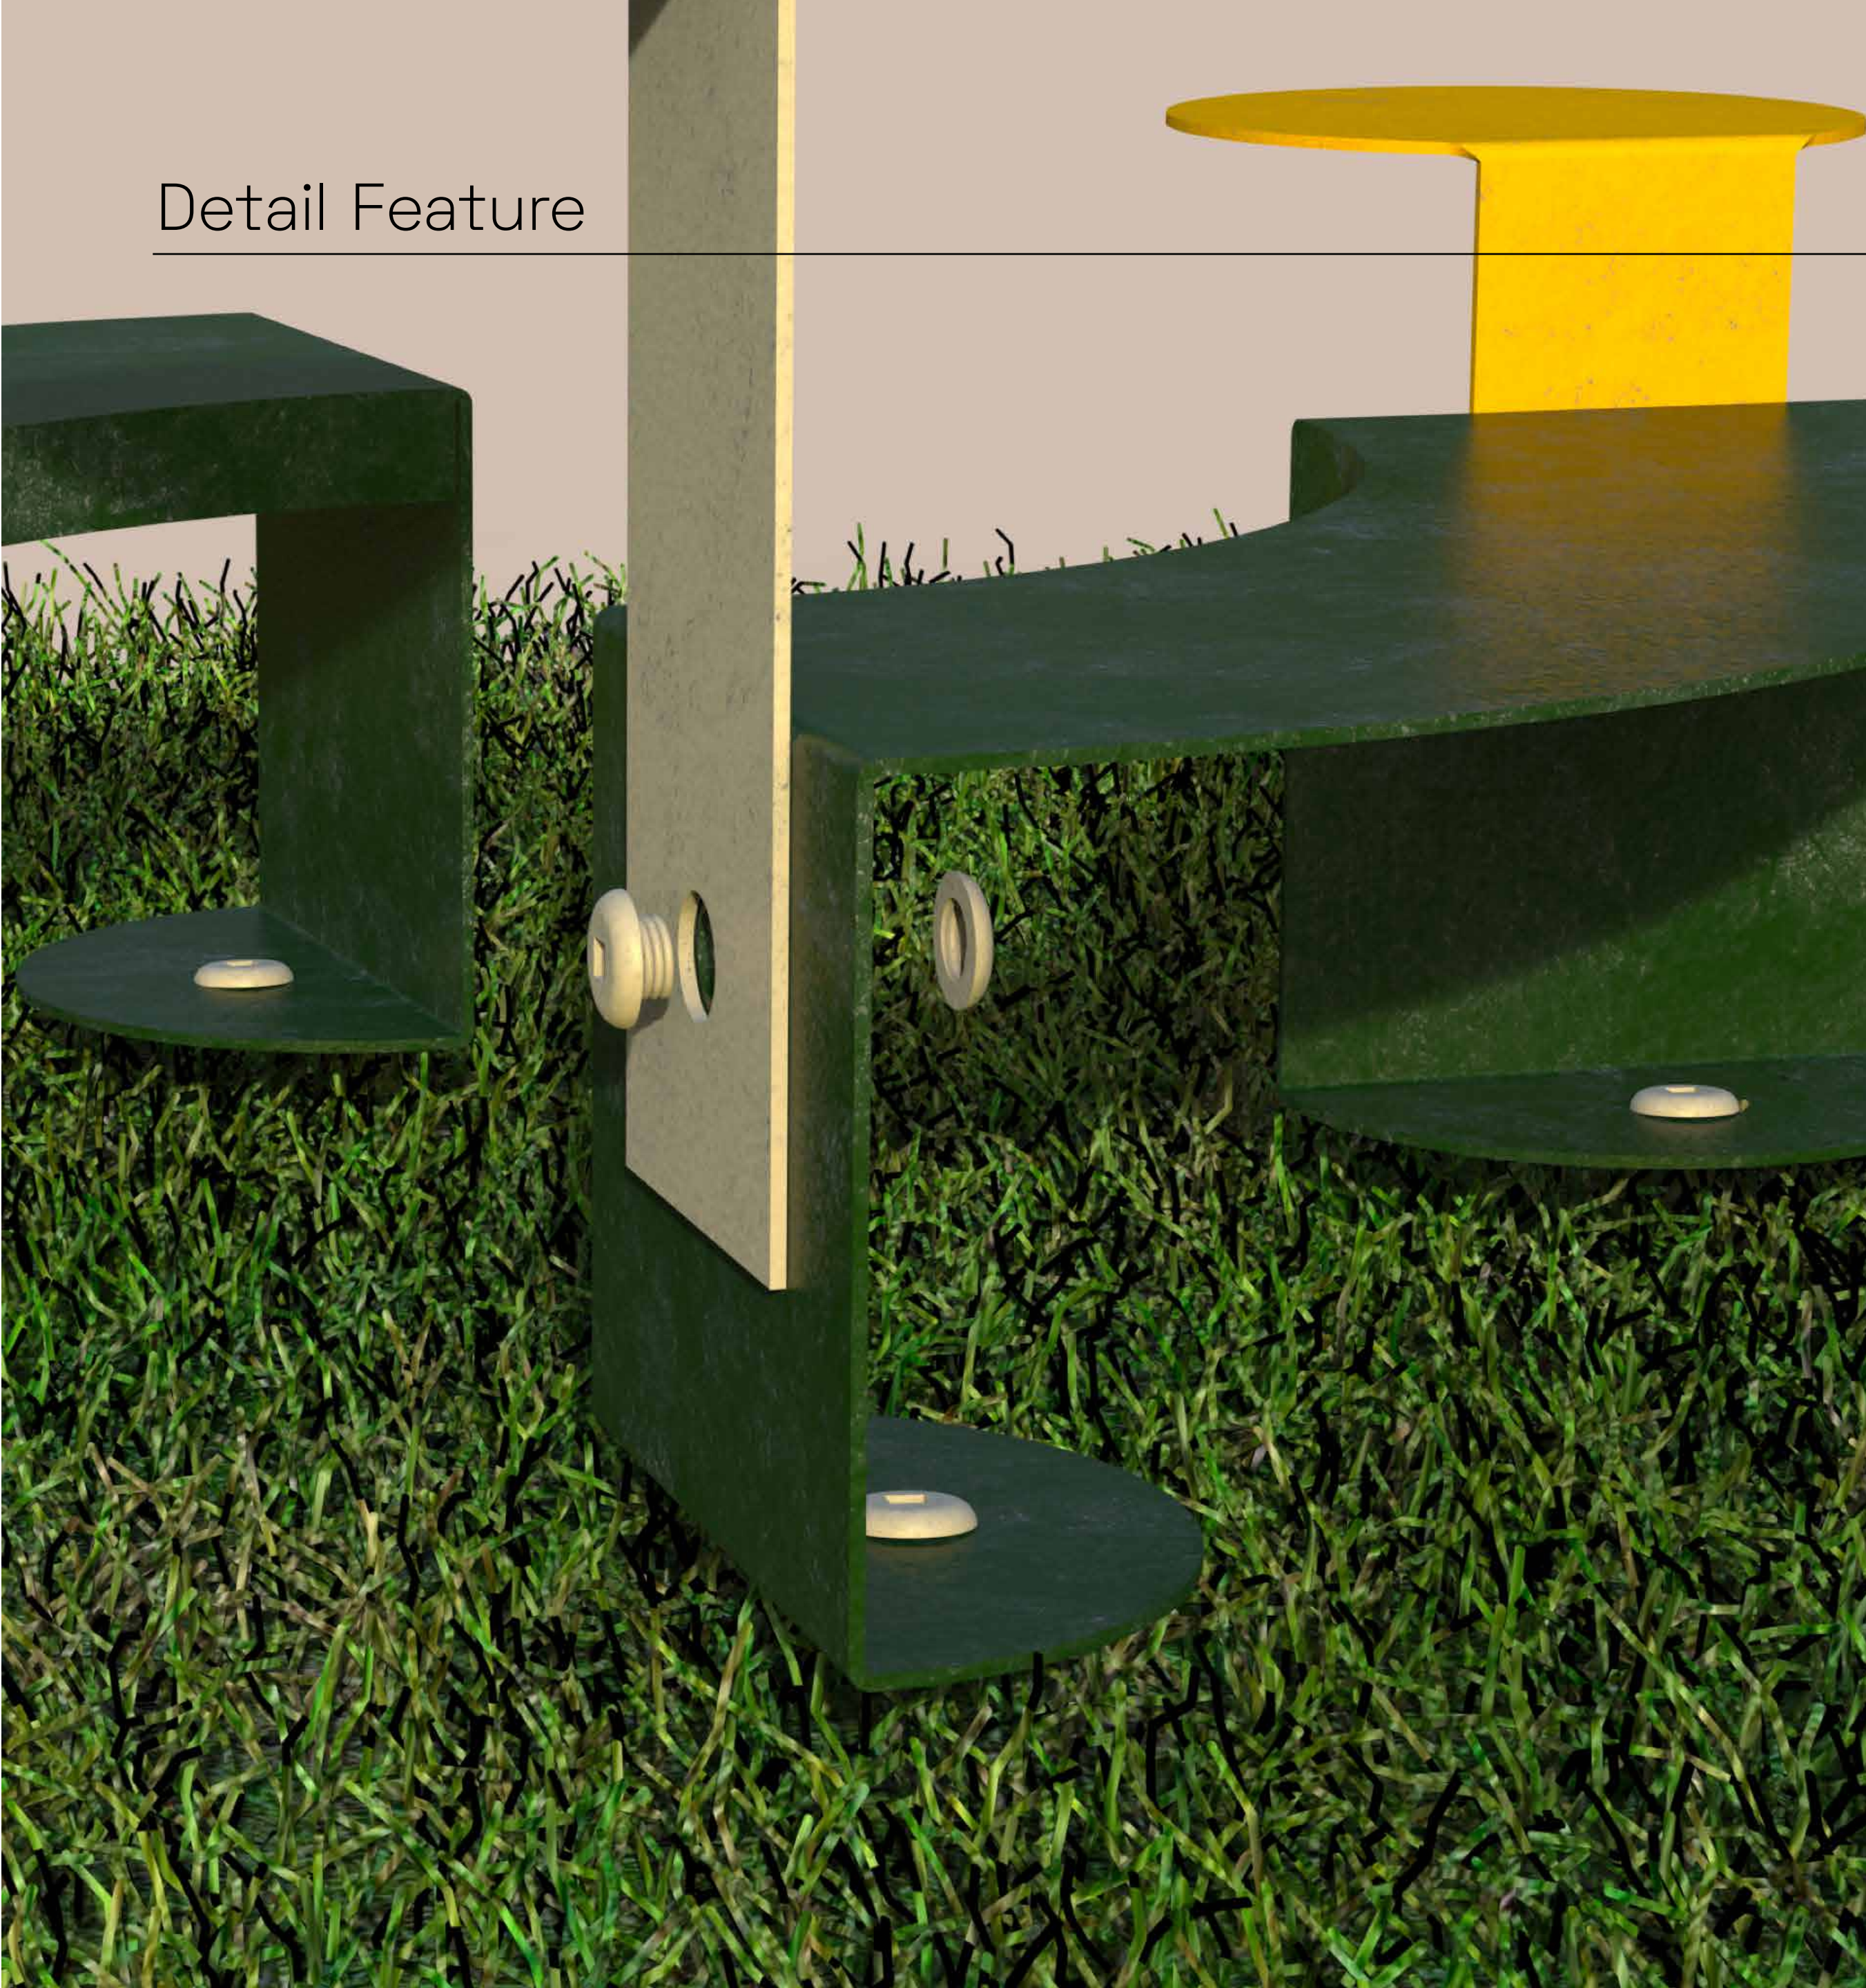

---

© Xinyi Ren

The bottom of the glass panel is attached to a layer of stainless steel chain mesh that sustains the strength and, at the same time, fixes all the modules to the ground. The grass panels are attached; when disassembled, the grass panel could be rolled up to save space for storage.

## Detail Feature

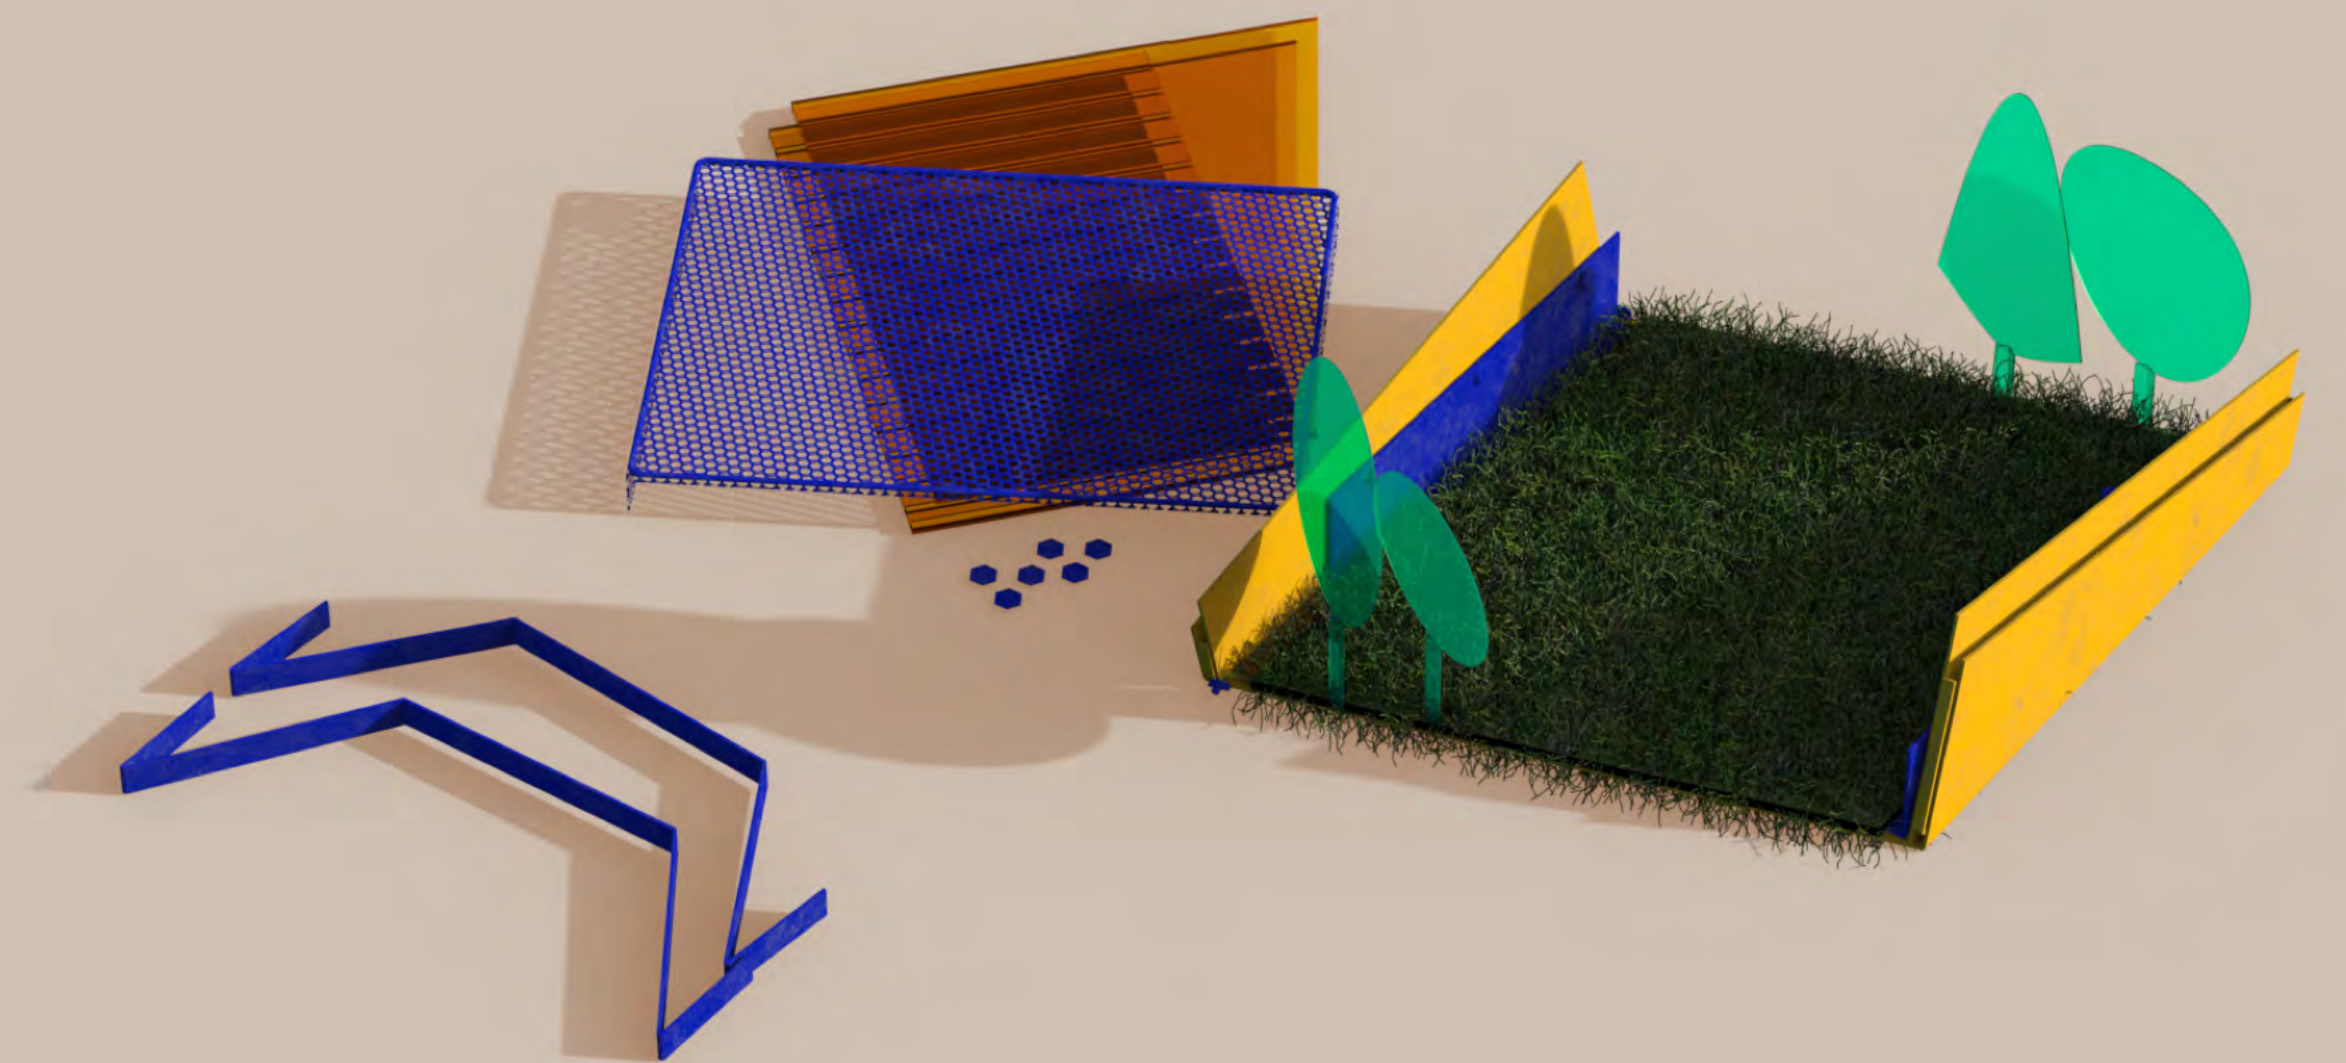

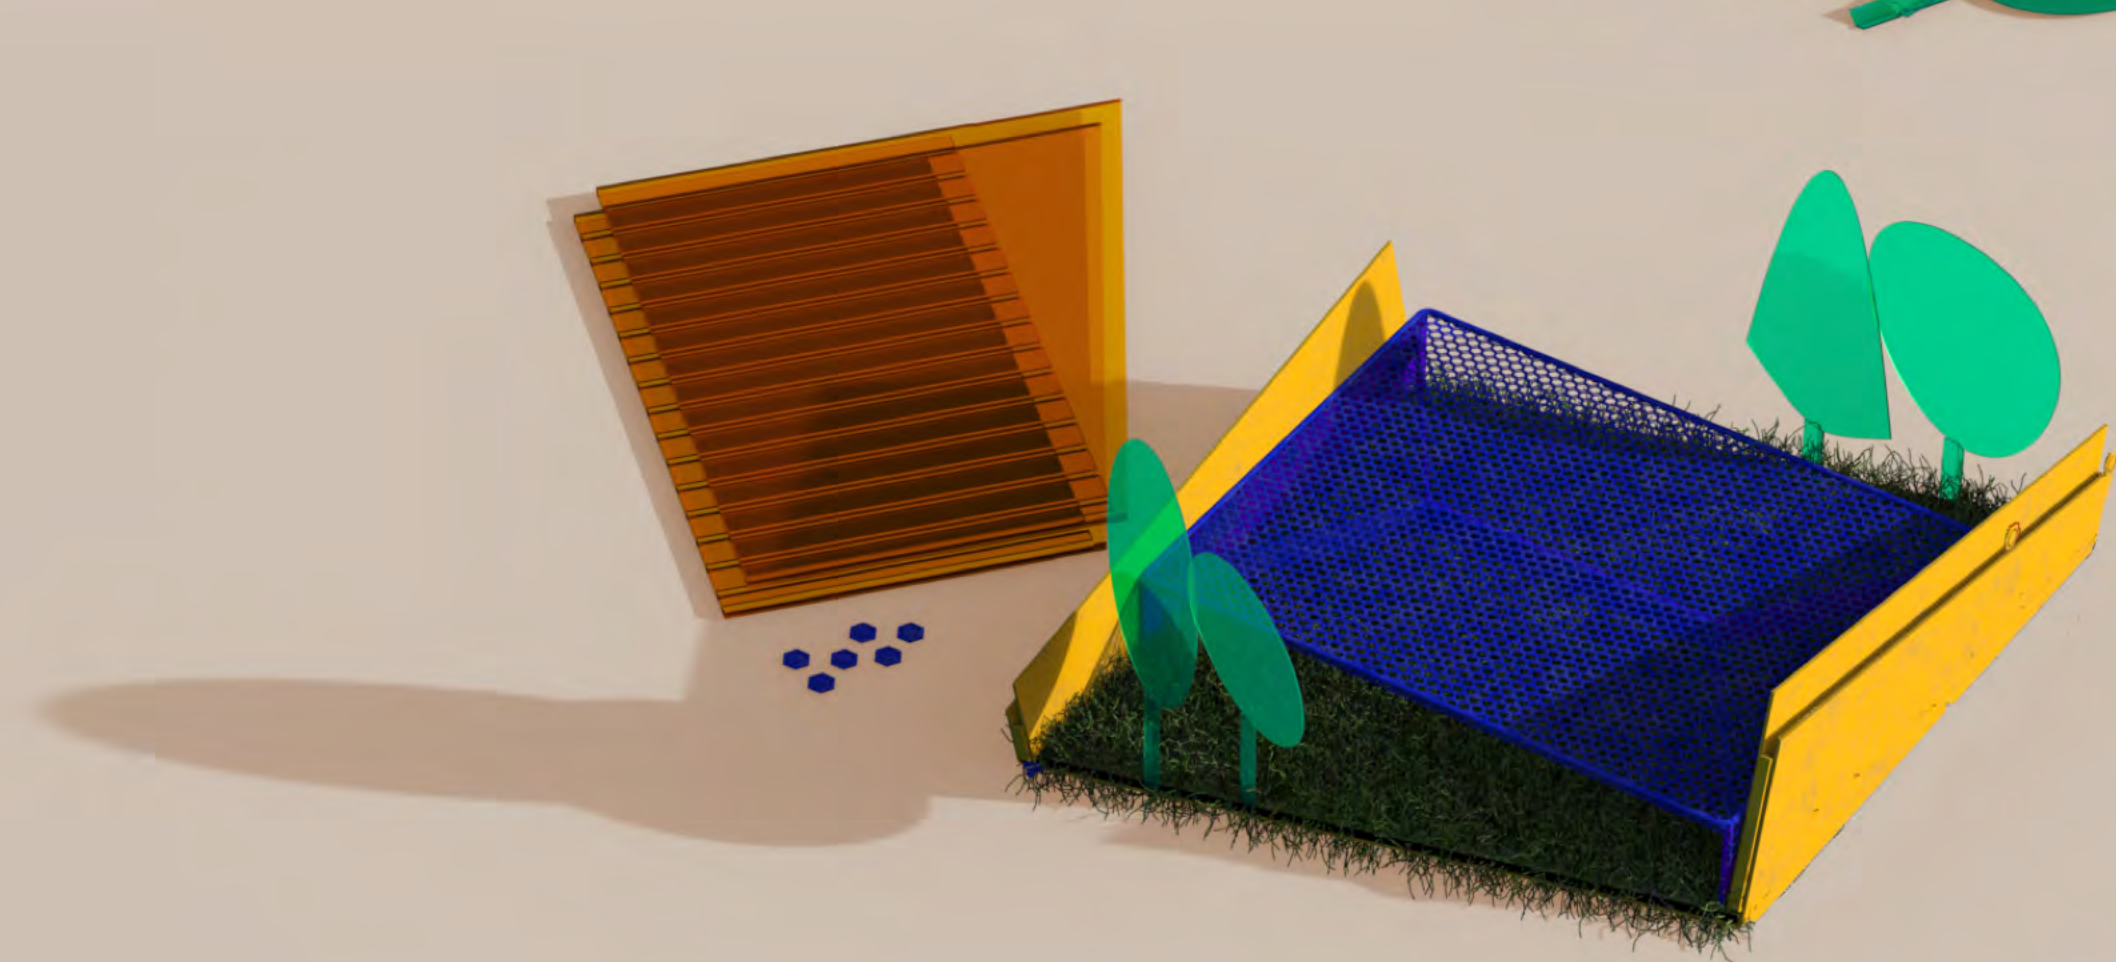

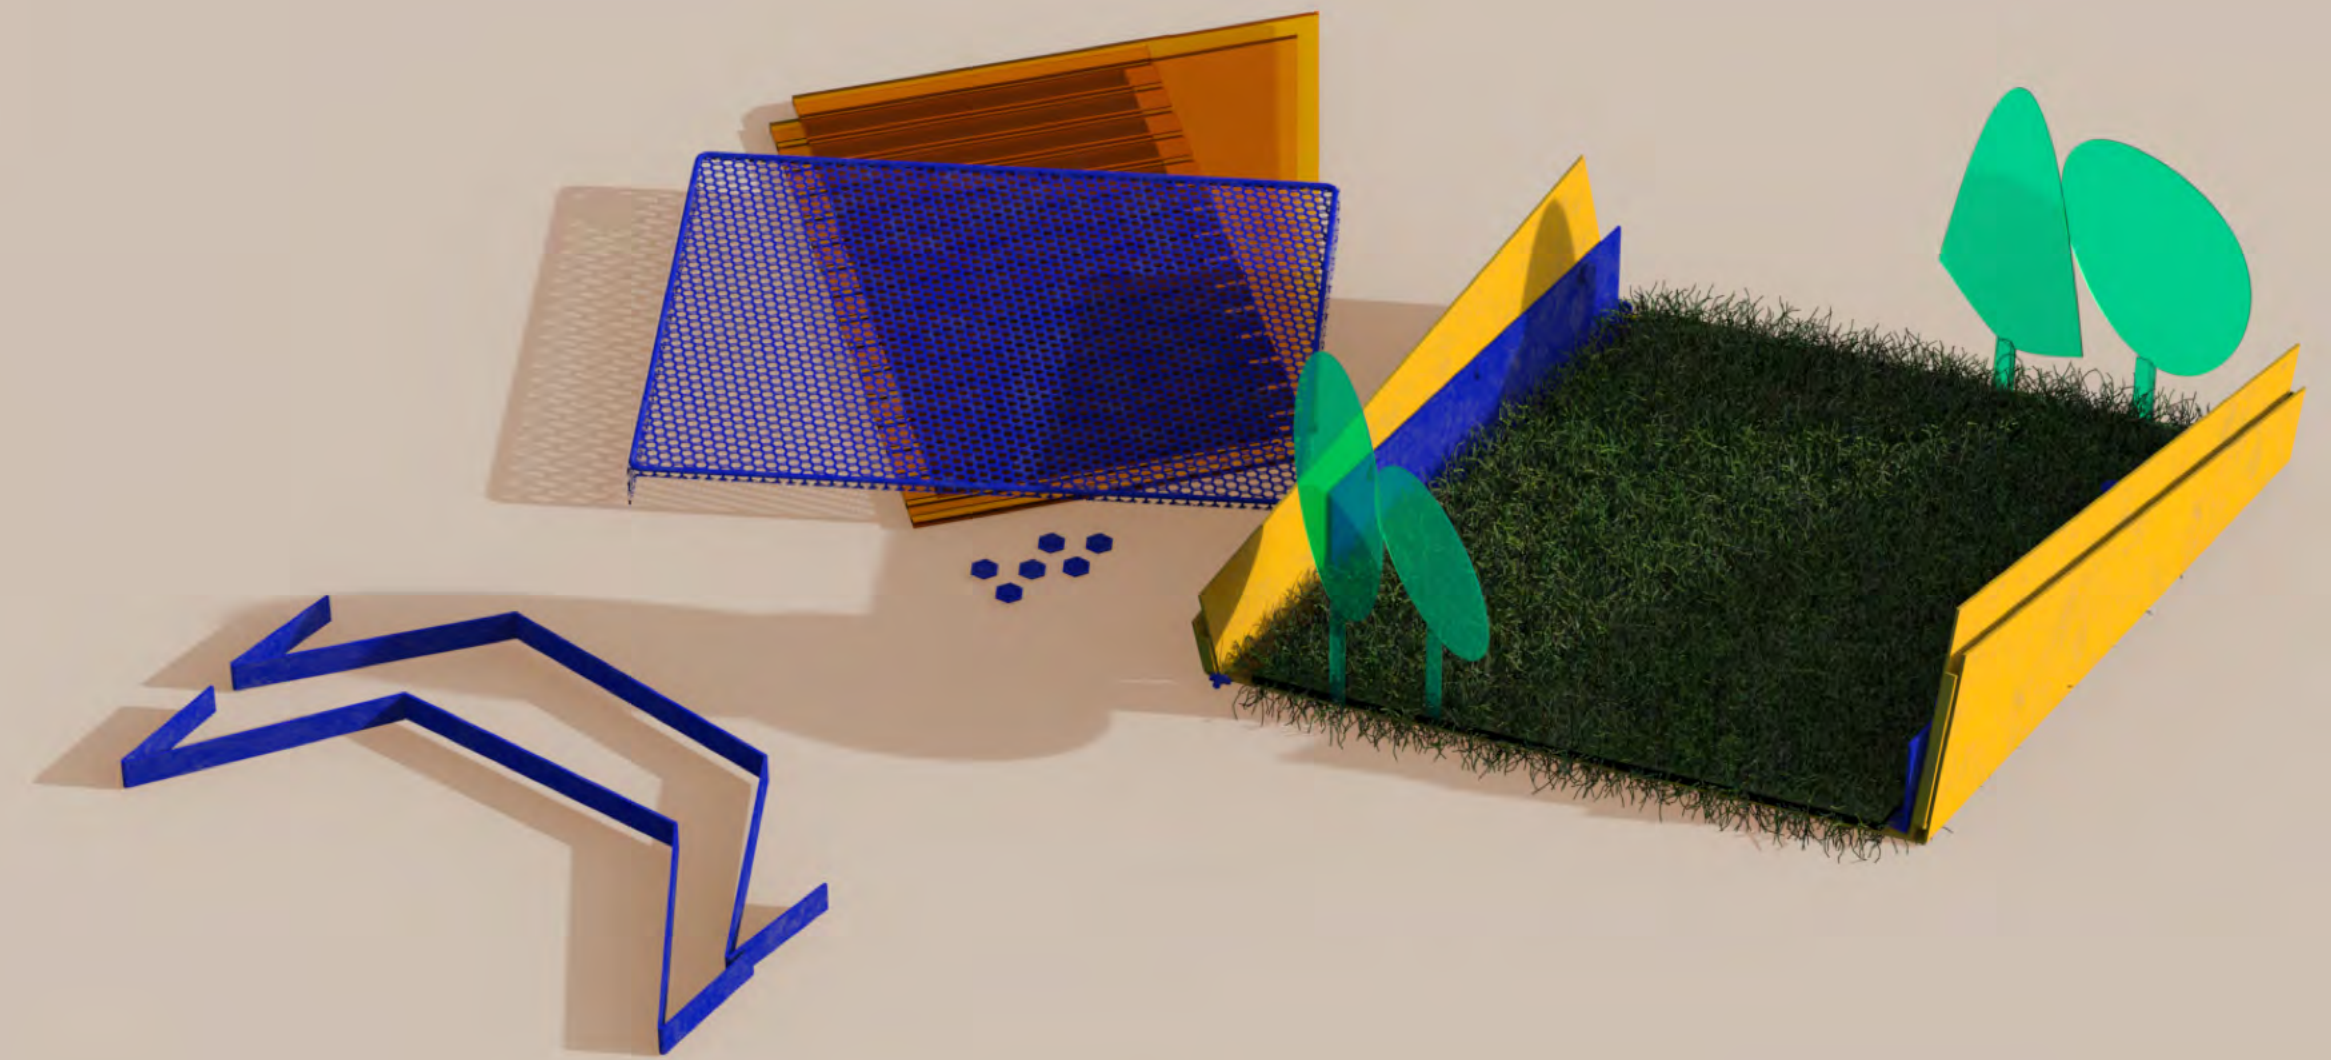

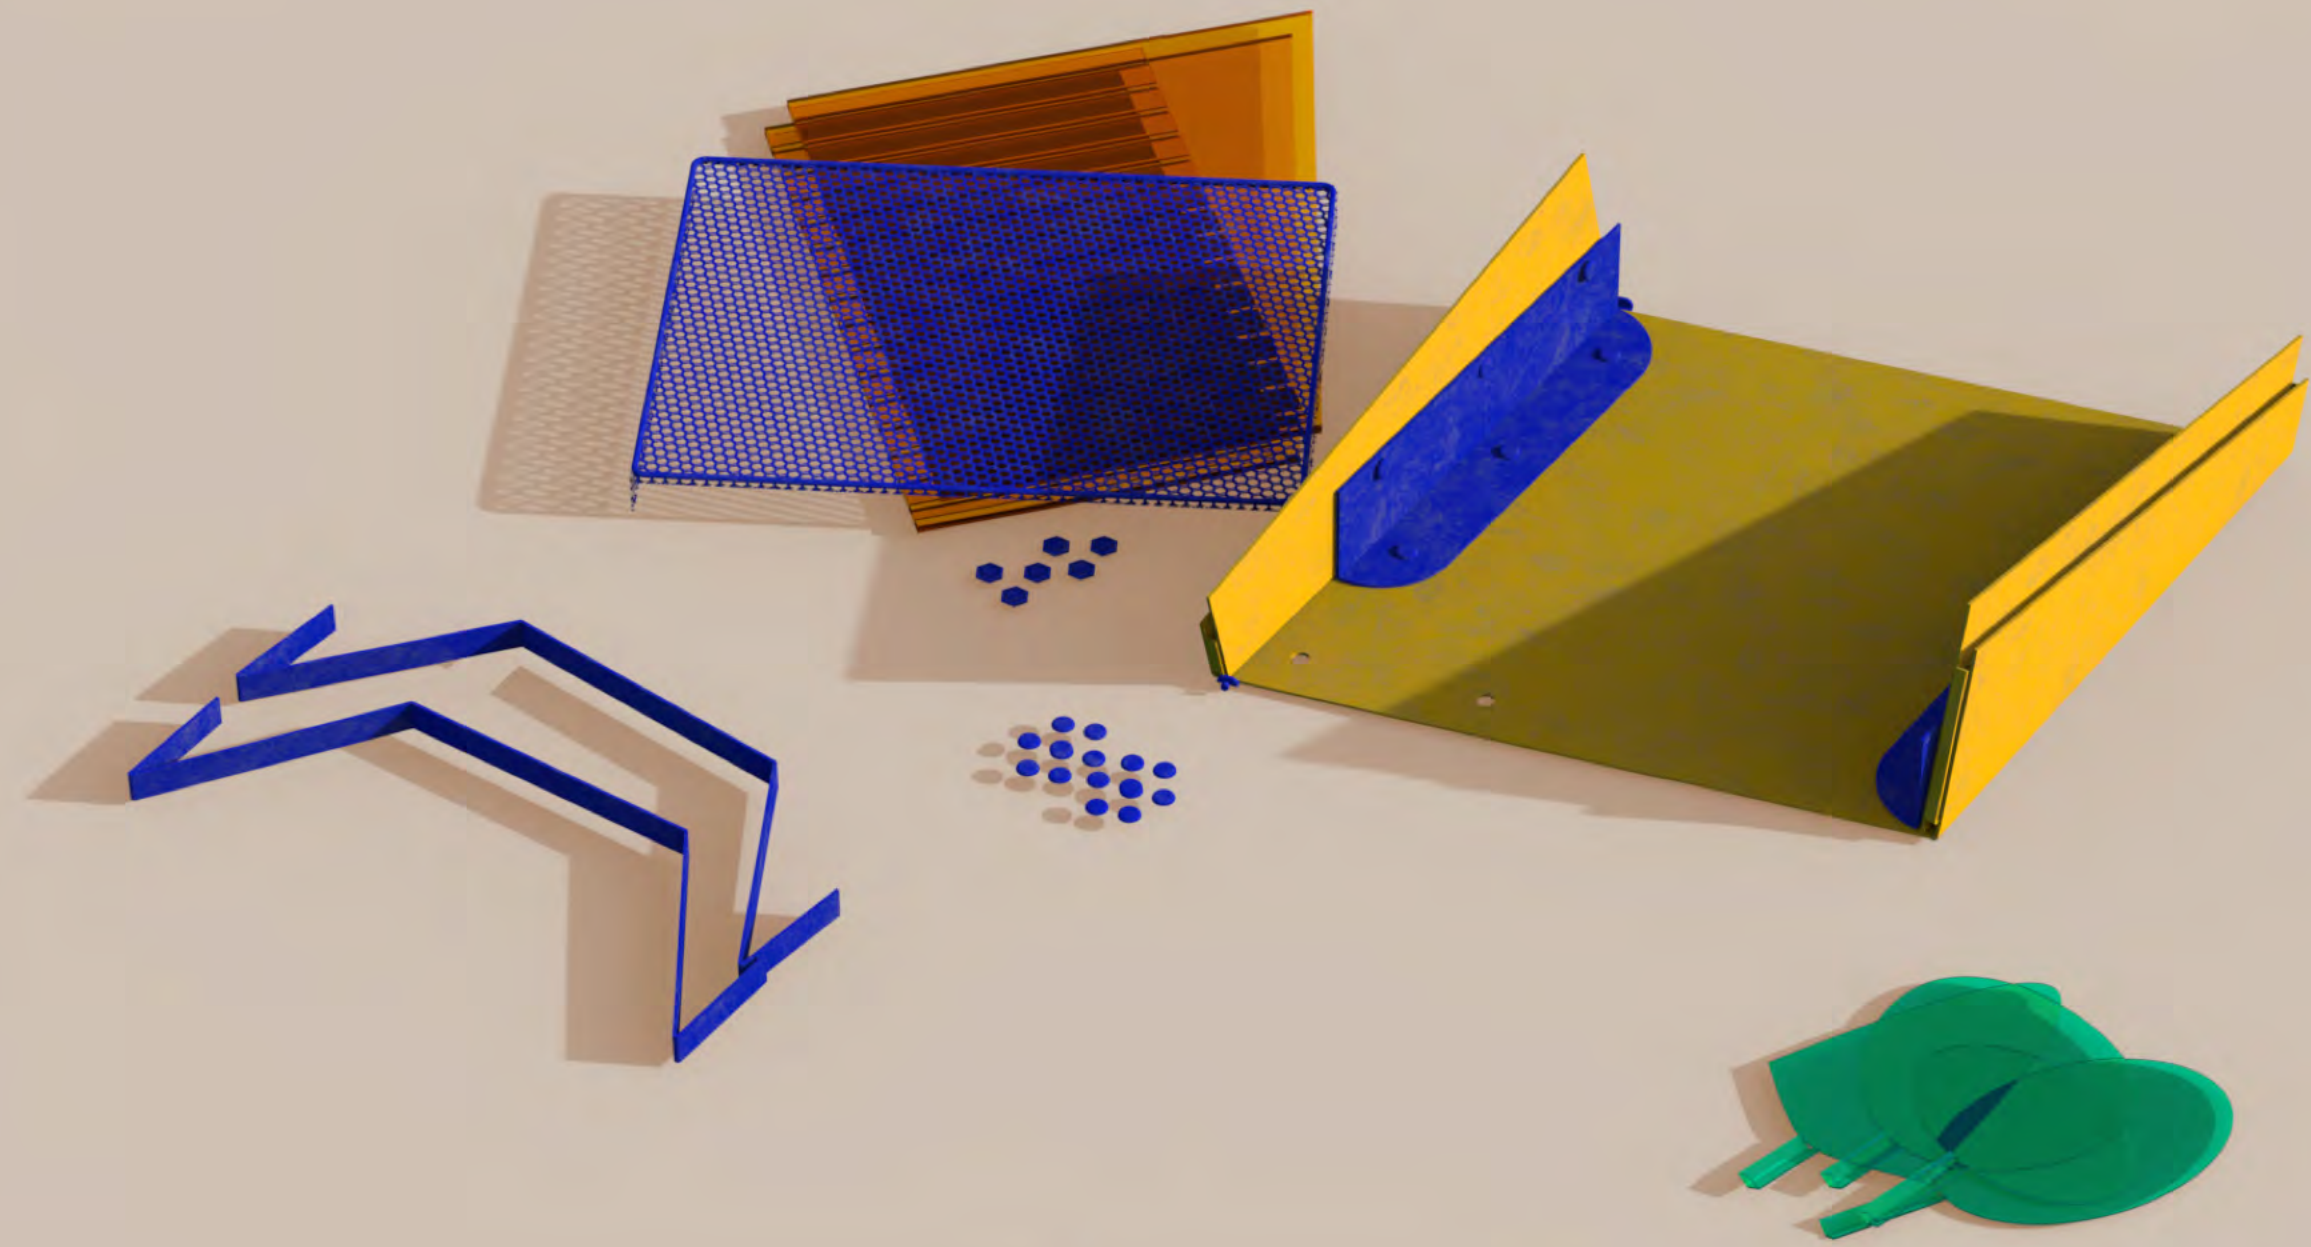

## Roaming Park L.A.

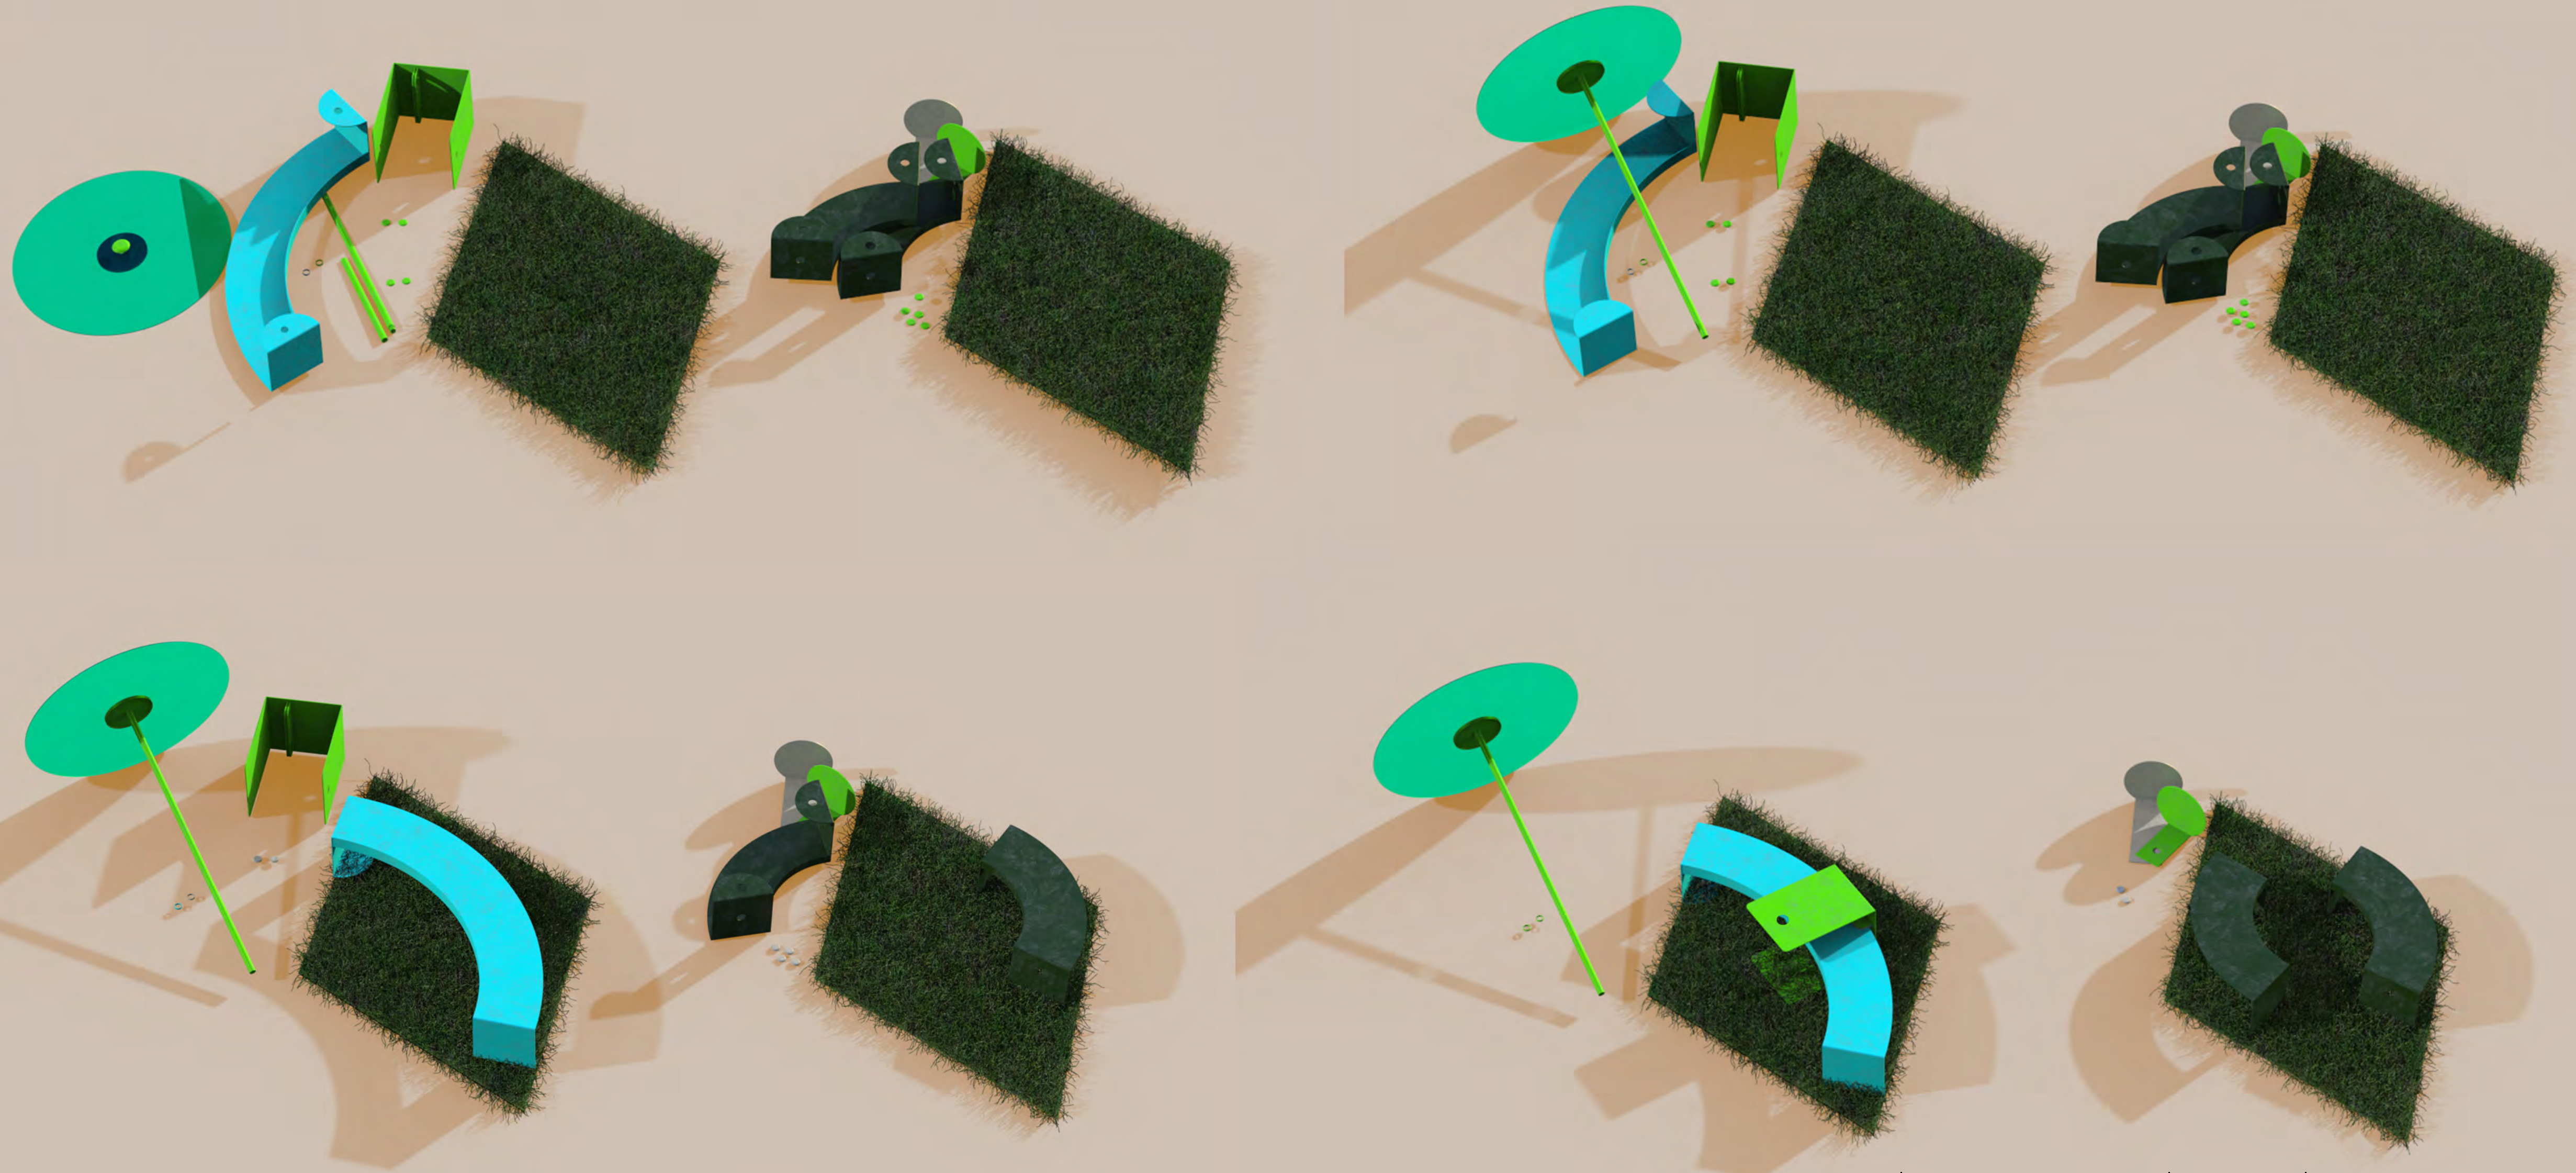

© Xinyi Ren

All the modular parts are assembled with screws that require our specific tool to mound and dismantle to ensure the security of the modules.

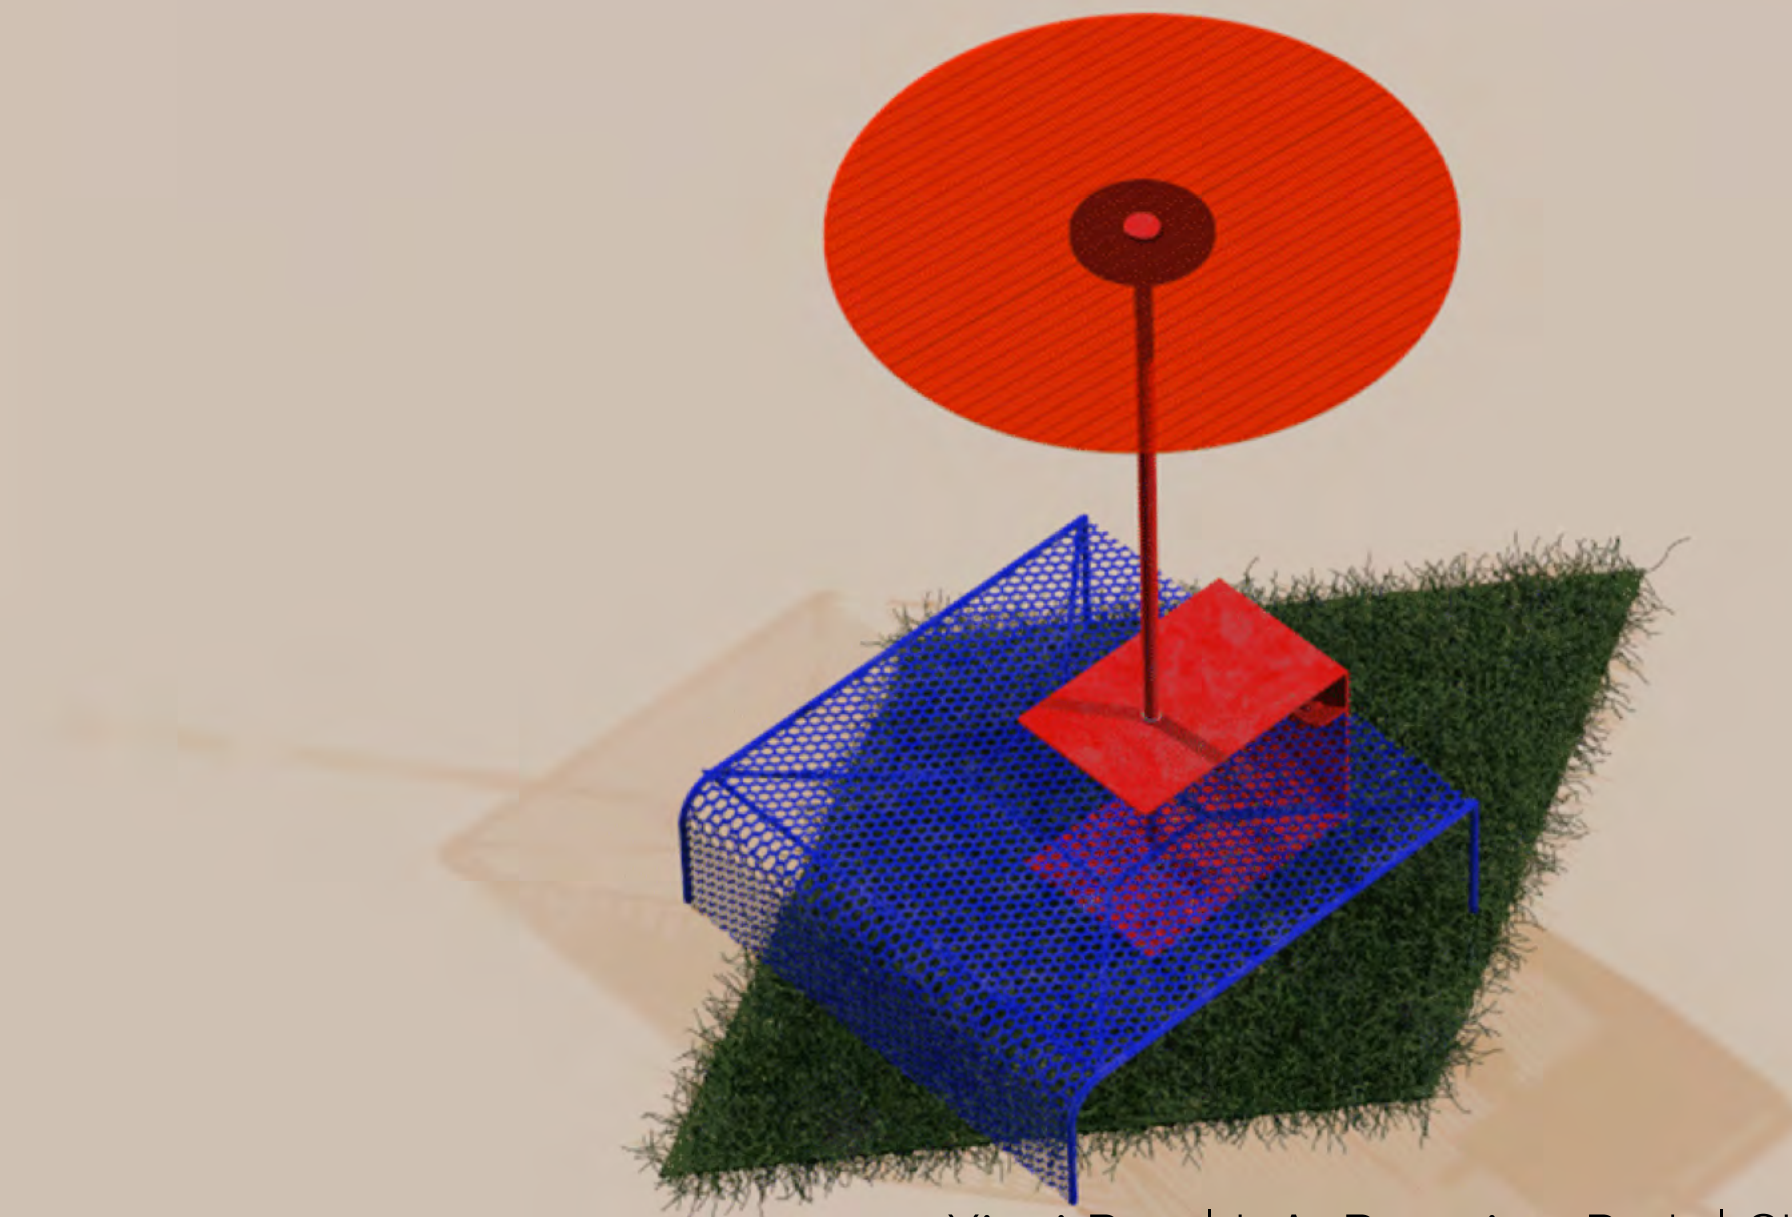

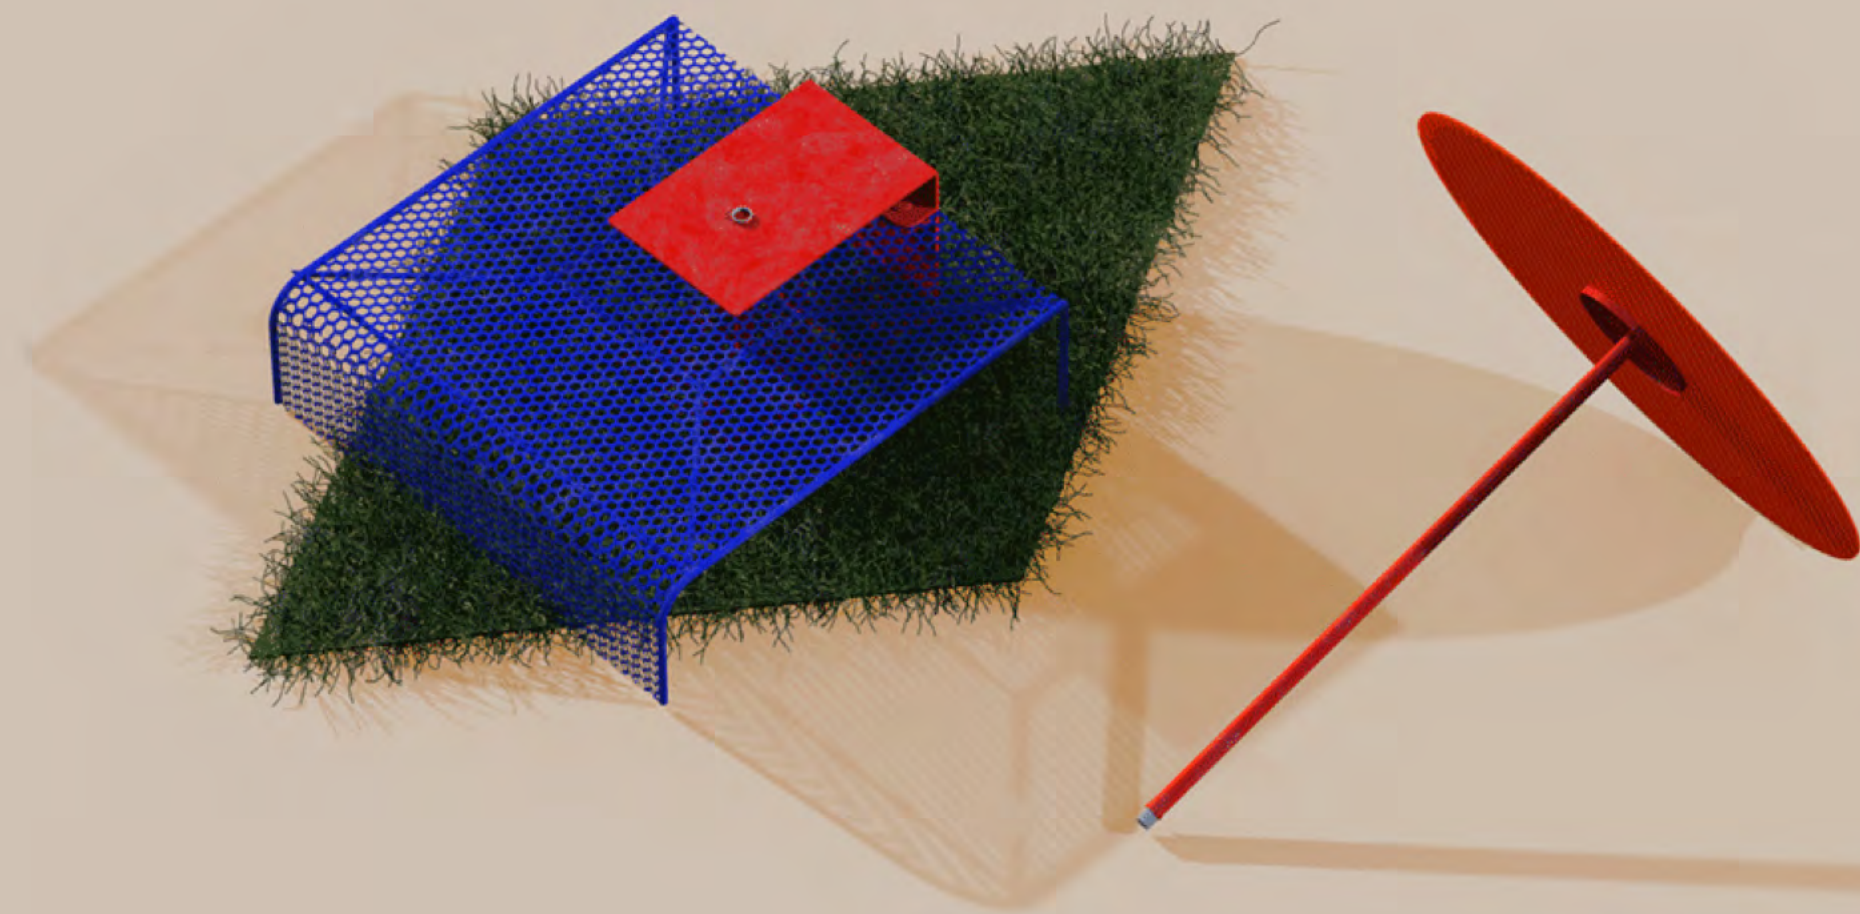

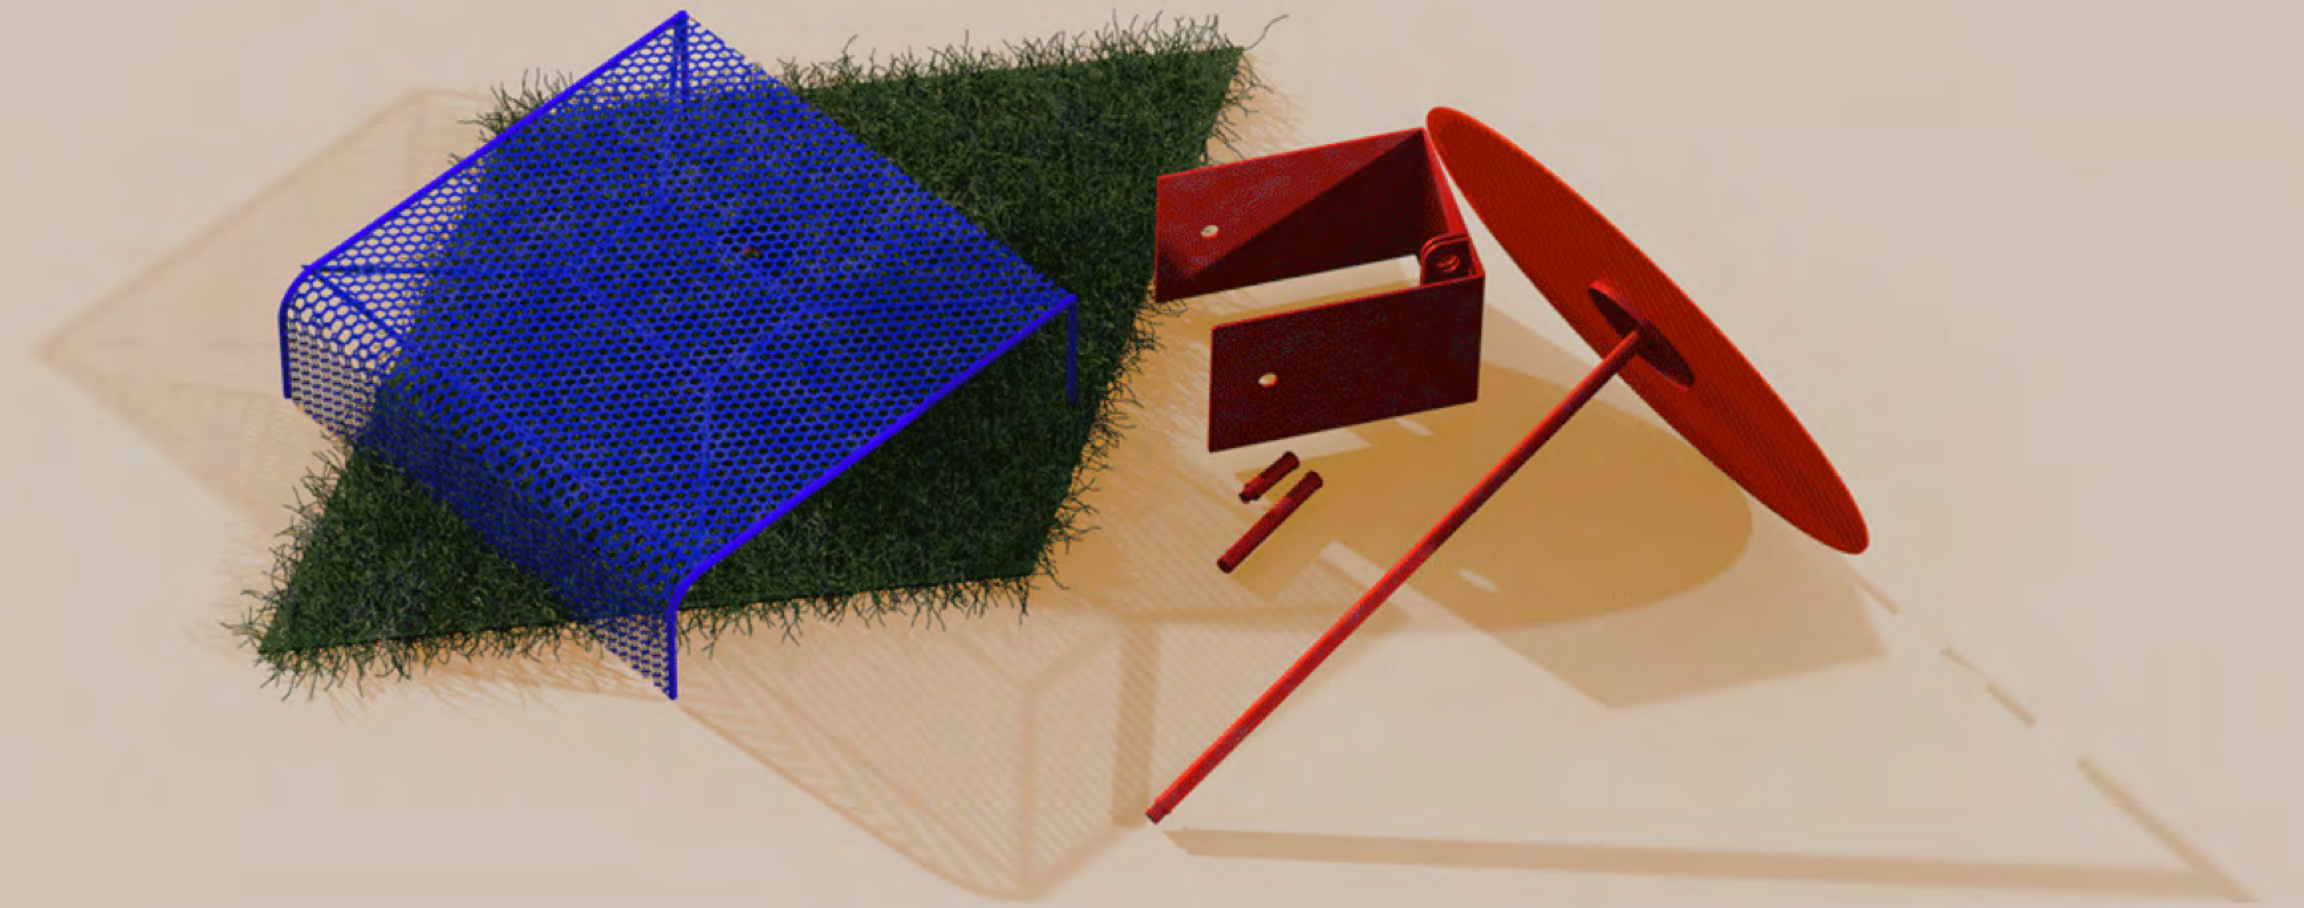

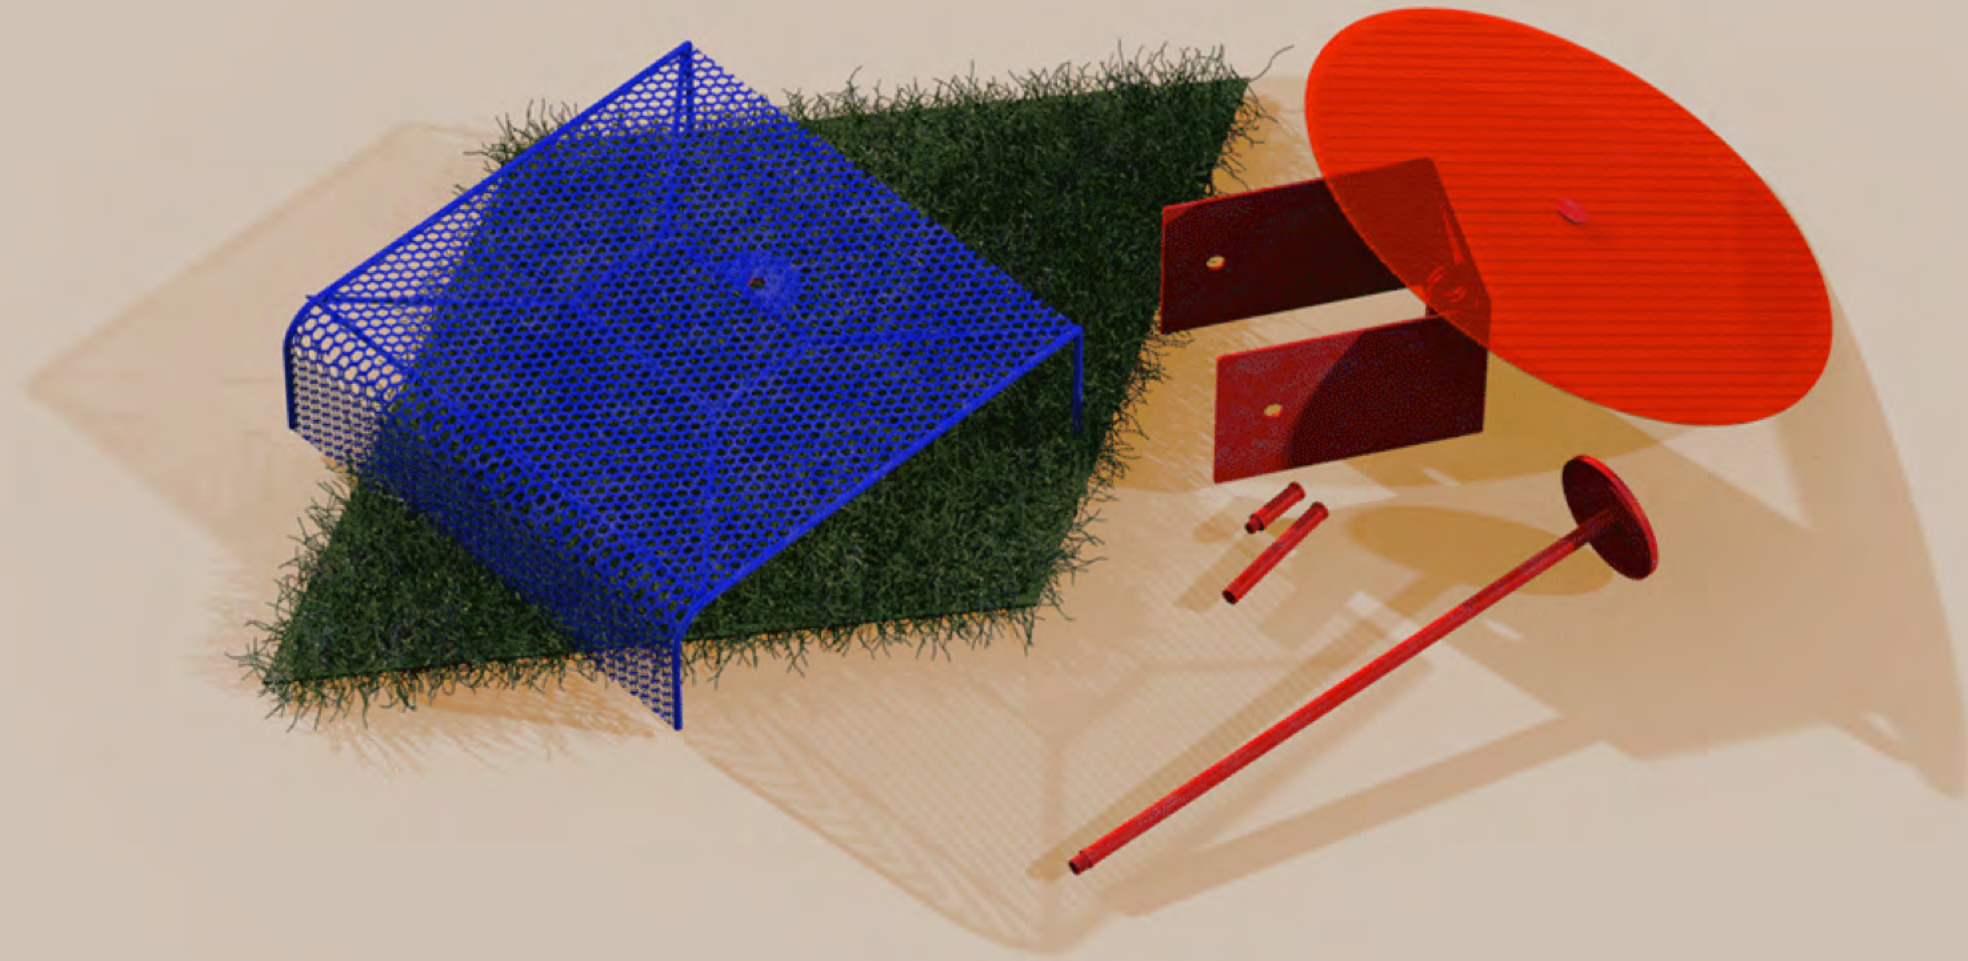

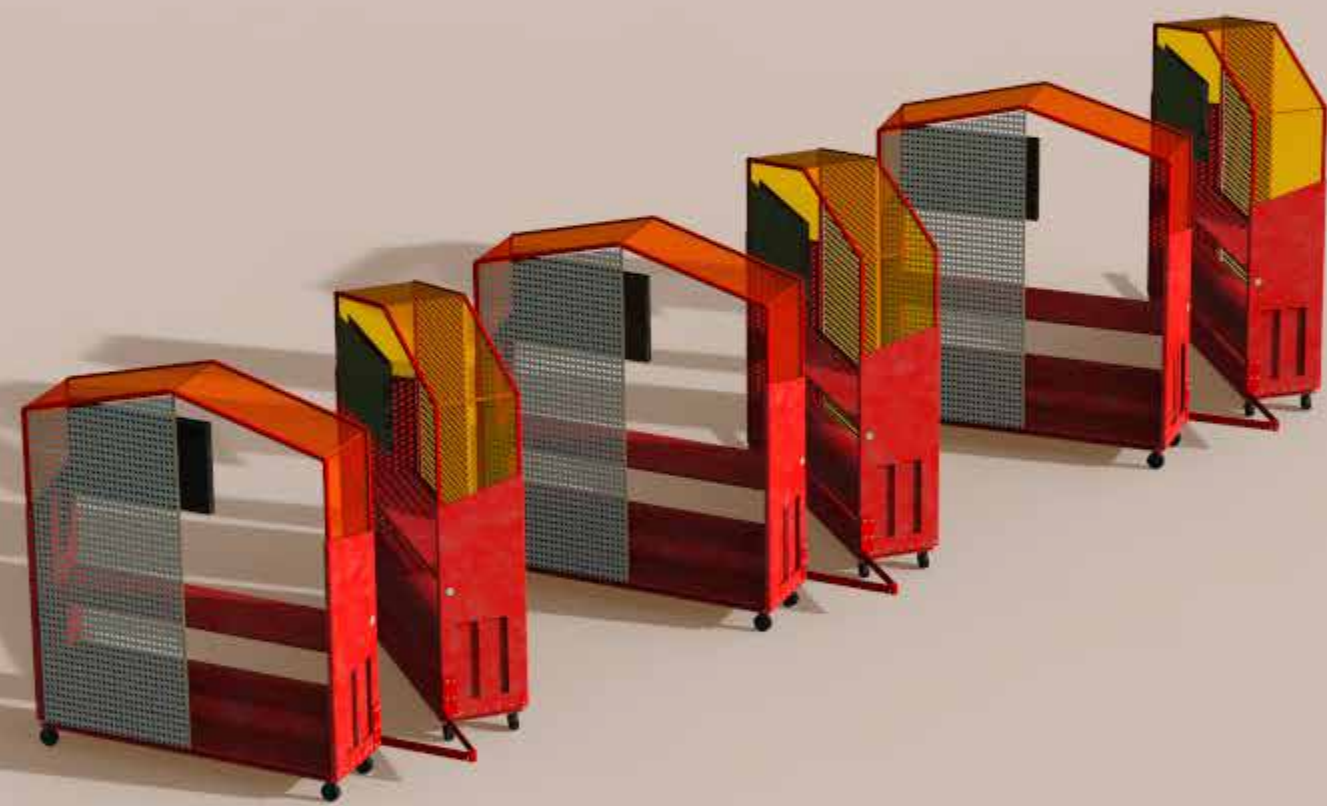

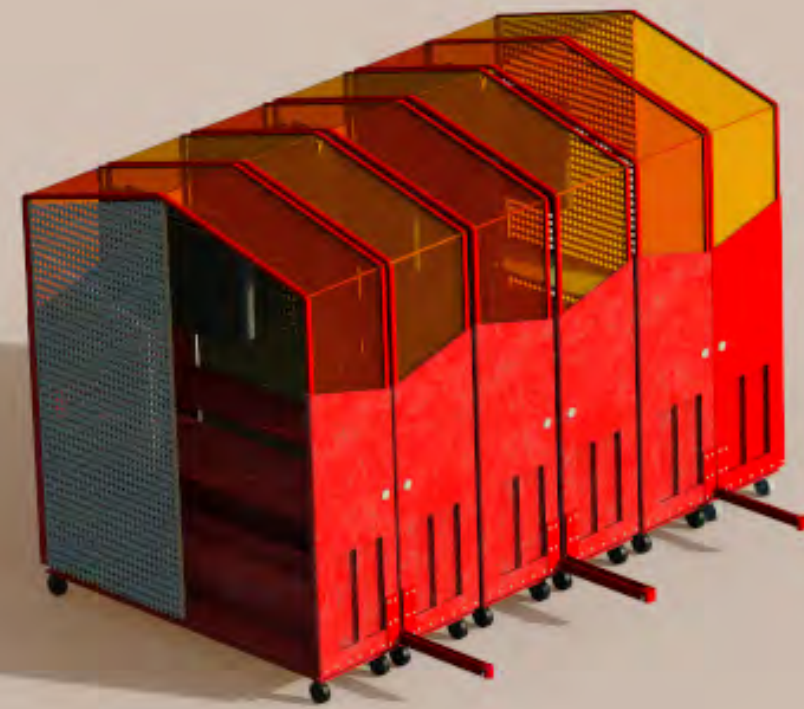

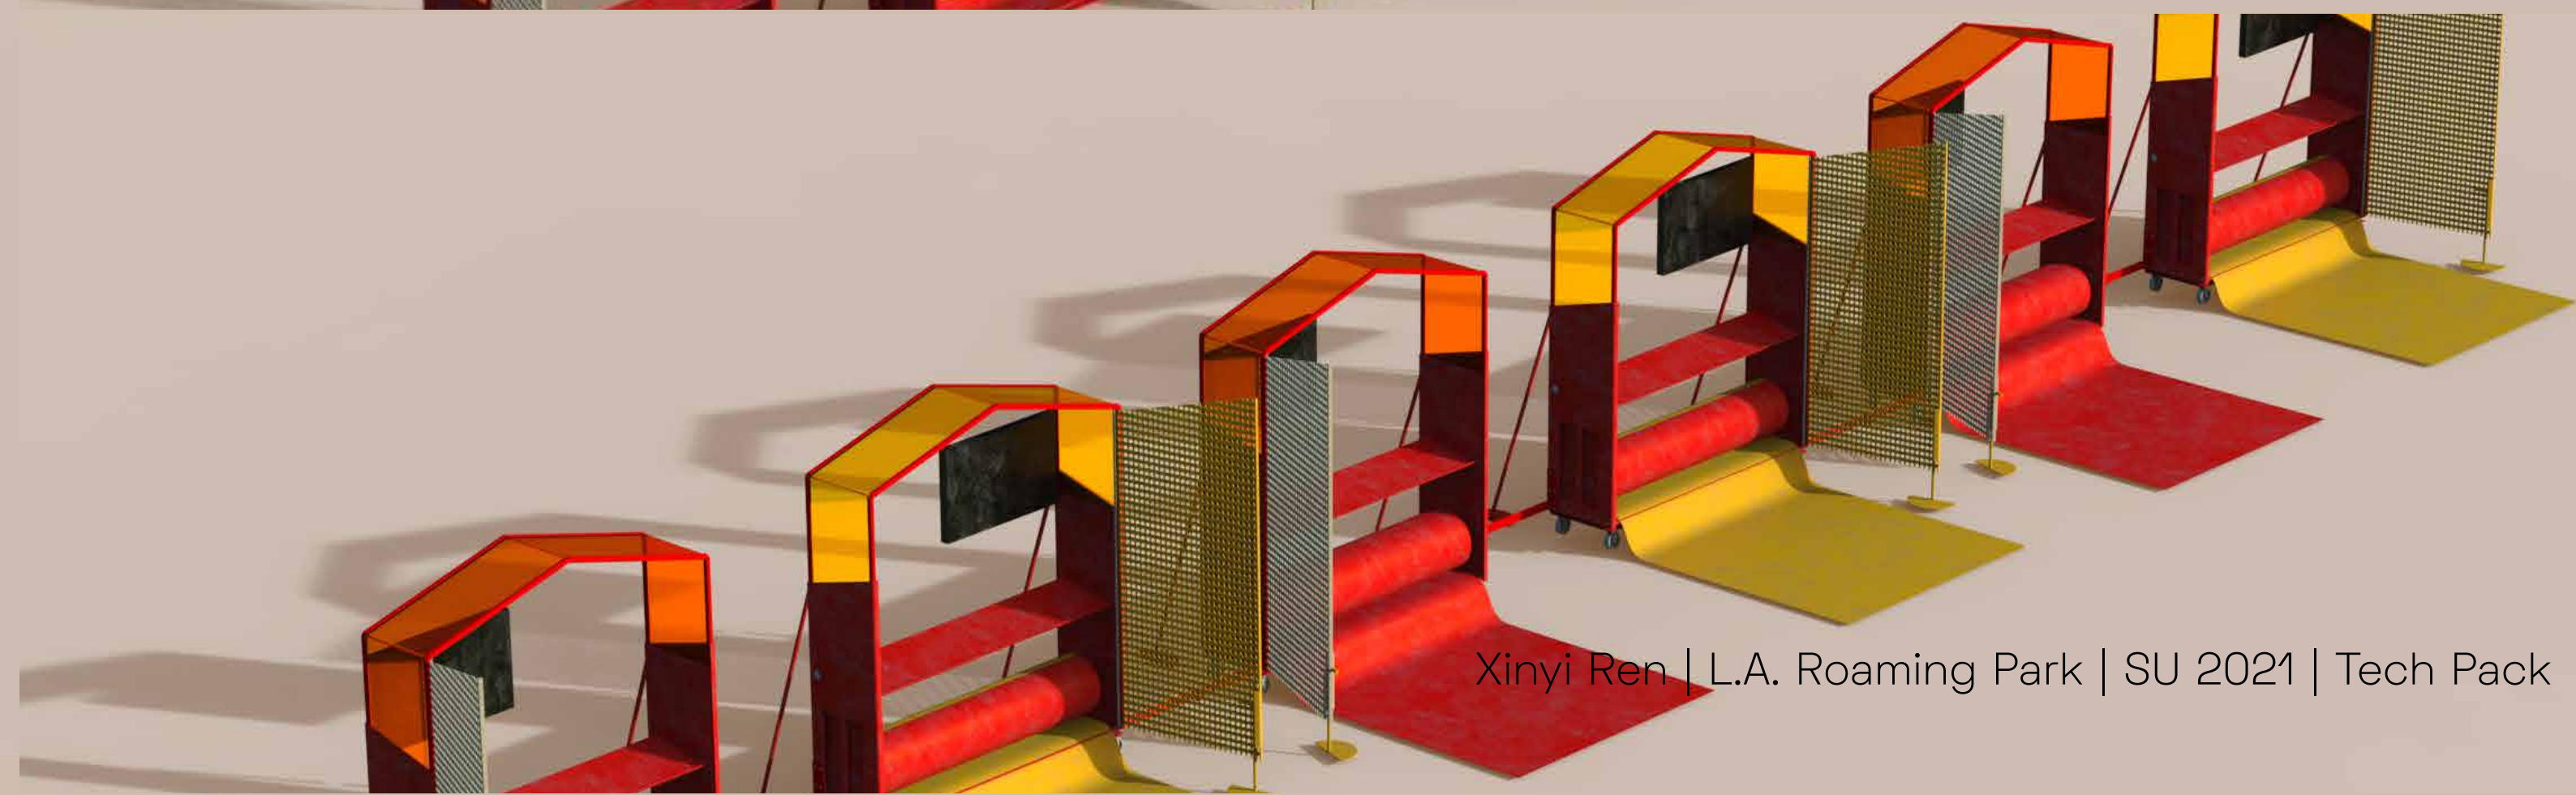

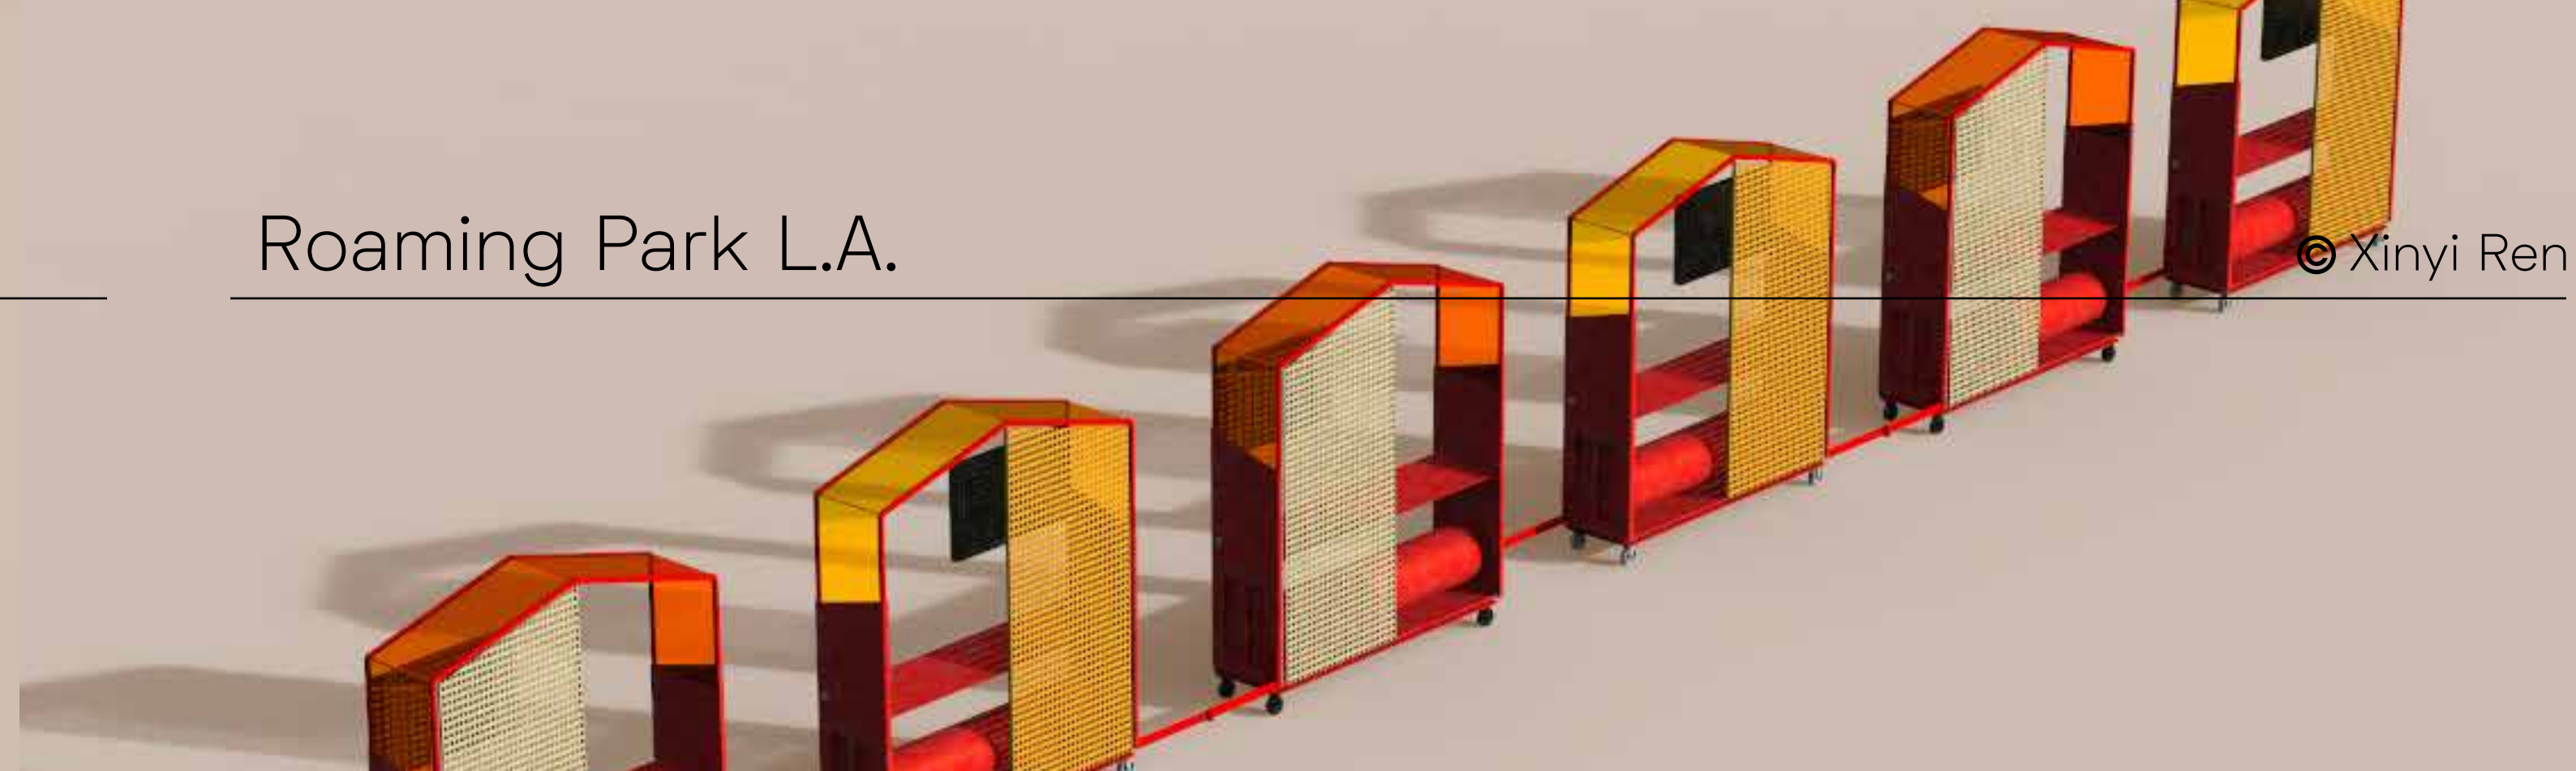

Assembly - Mini Market

## (Perforated) steel sheet

- Industrial Metal Supply Co.
  - Steel Sheet
  - Product model: HRP012410PO
  - Length & width 120in \* 48in
  - Thickness 12 Ga (0.1094 in)
  - Specification ASTM-A1011
  - Weight Ea. 175.00#
- Perforated Steel Sheet
  - Product model: PSS1648750
  - Length & width 120in \* 48in
  - Thickness 16 Ga (0.0625 in)
  - Hole Pattern 3/4 in round (51% open)
  - Weight Ea. 50.00#

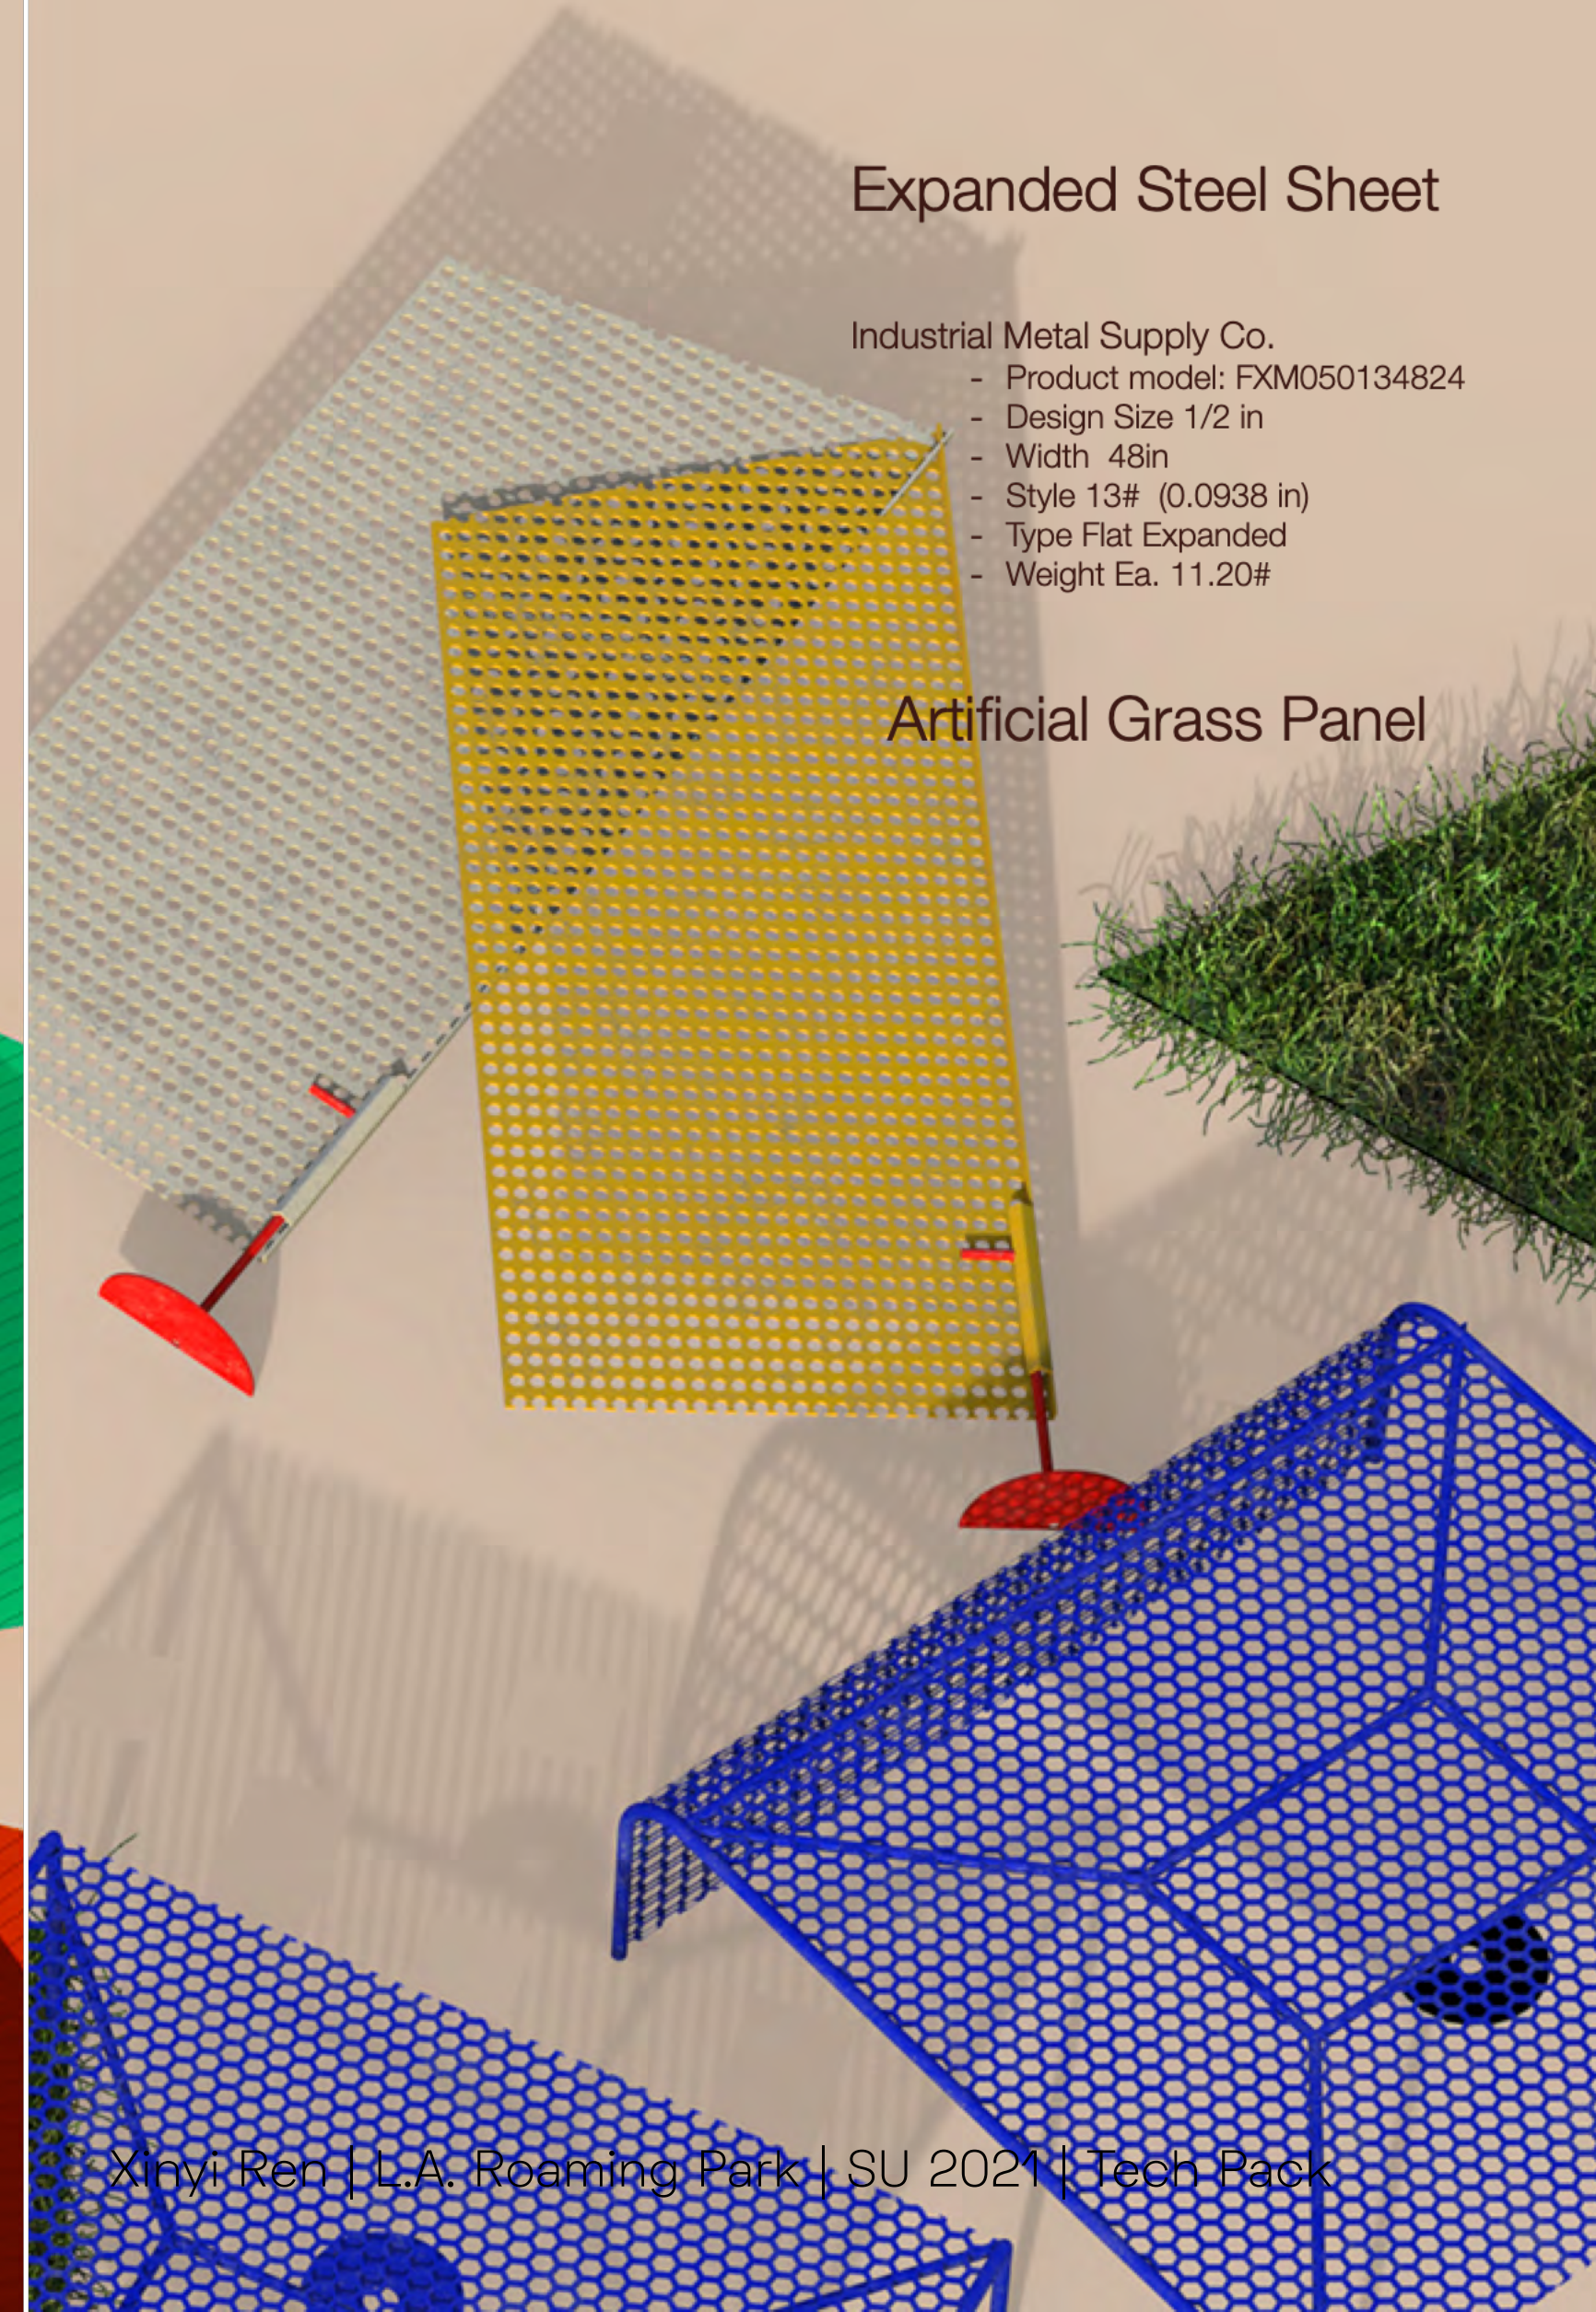

## Polycarbonate panels

- DANPALON®
  - FACADE SYSTEMS
    - Multicell / Honeycombe 8mm
    - Span between support: up to 1.6m
    - Impact & Shock Resistance
    - Ten year warranty
  - GLAZING MATERIALS & FINISHING

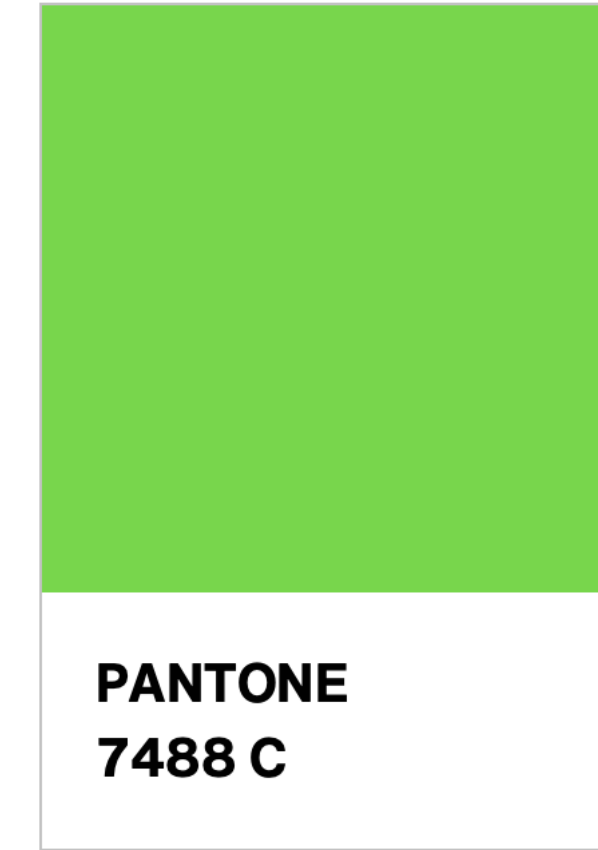

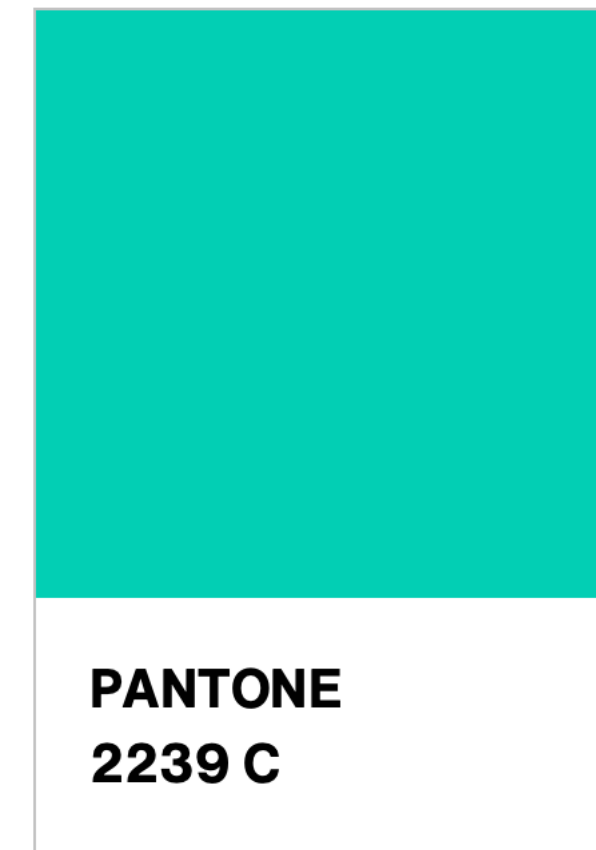

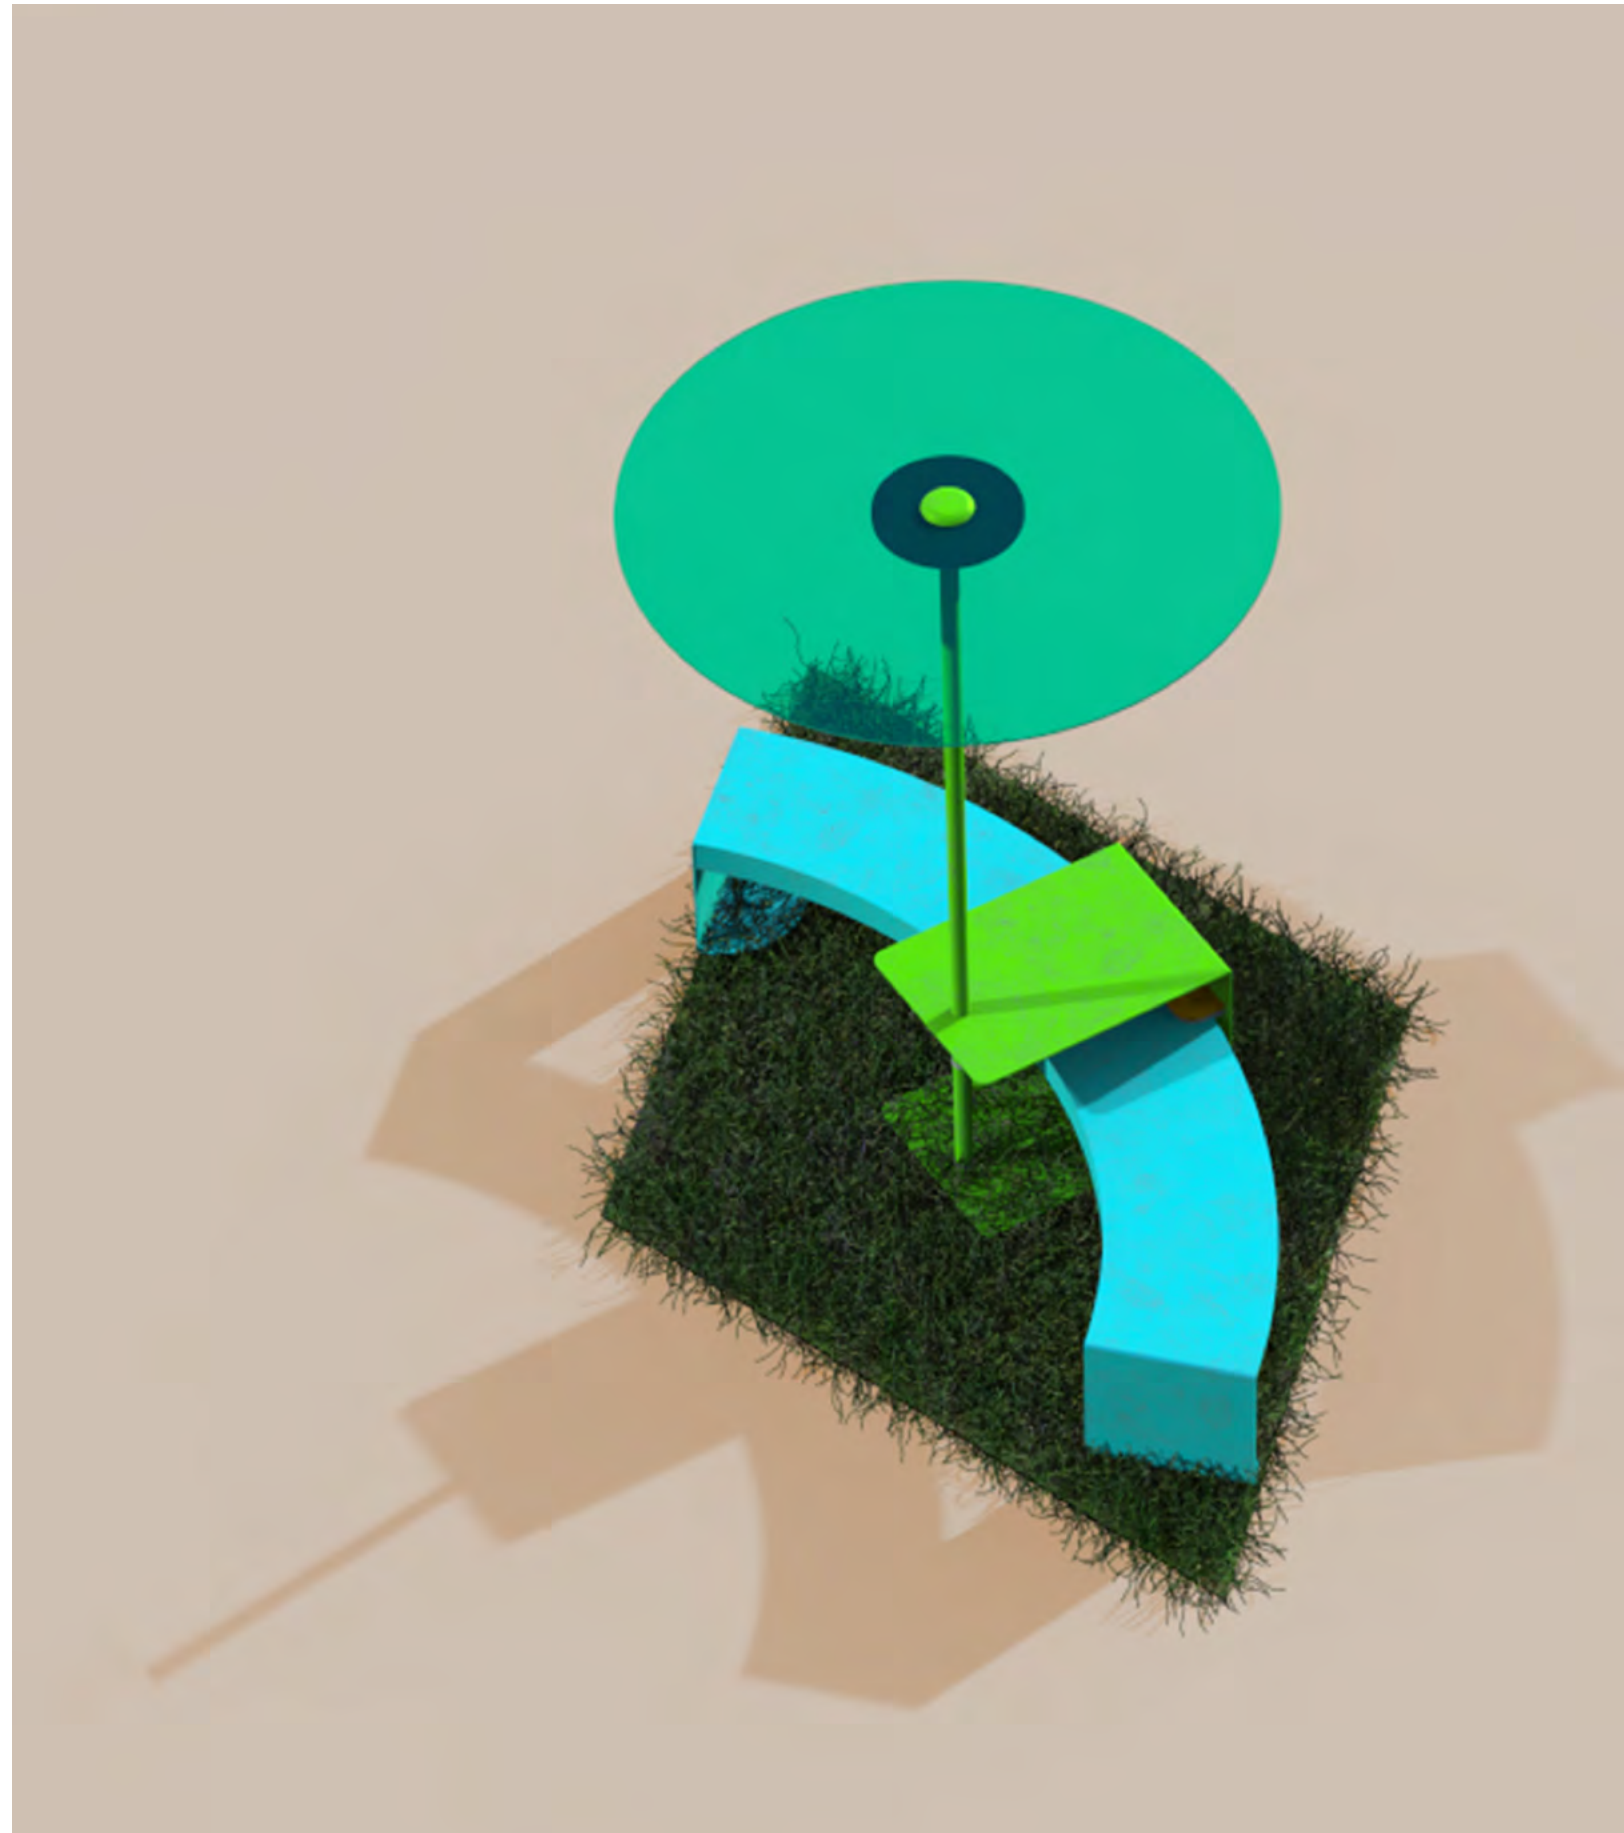

## Expanded Steel Sheet

- Industrial Metal Supply Co.
  - Product model: FXM050134824
  - Design Size 1/2 in
  - Width 48in
  - Style 13# (0.0938 in)
  - Type Flat Expanded
  - Weight Ea. 11.20#

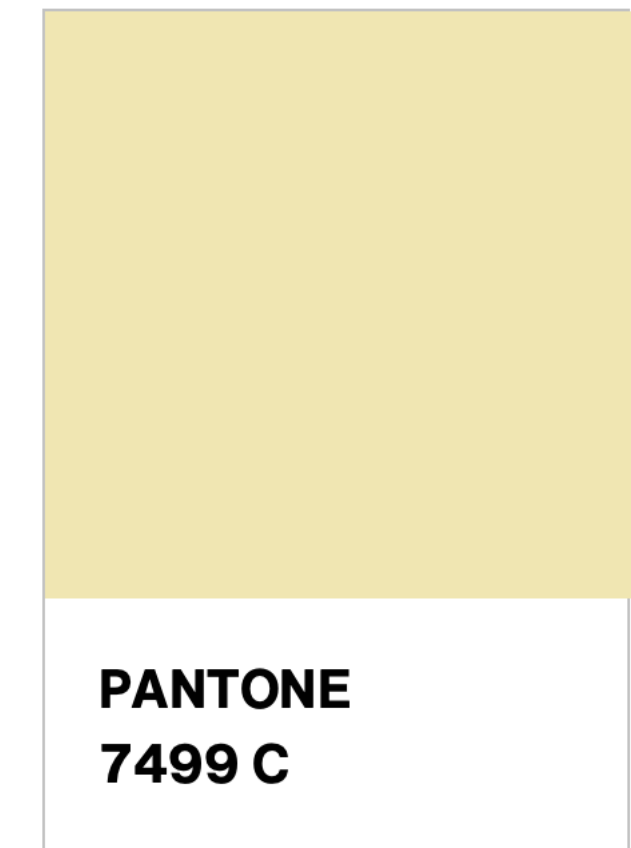

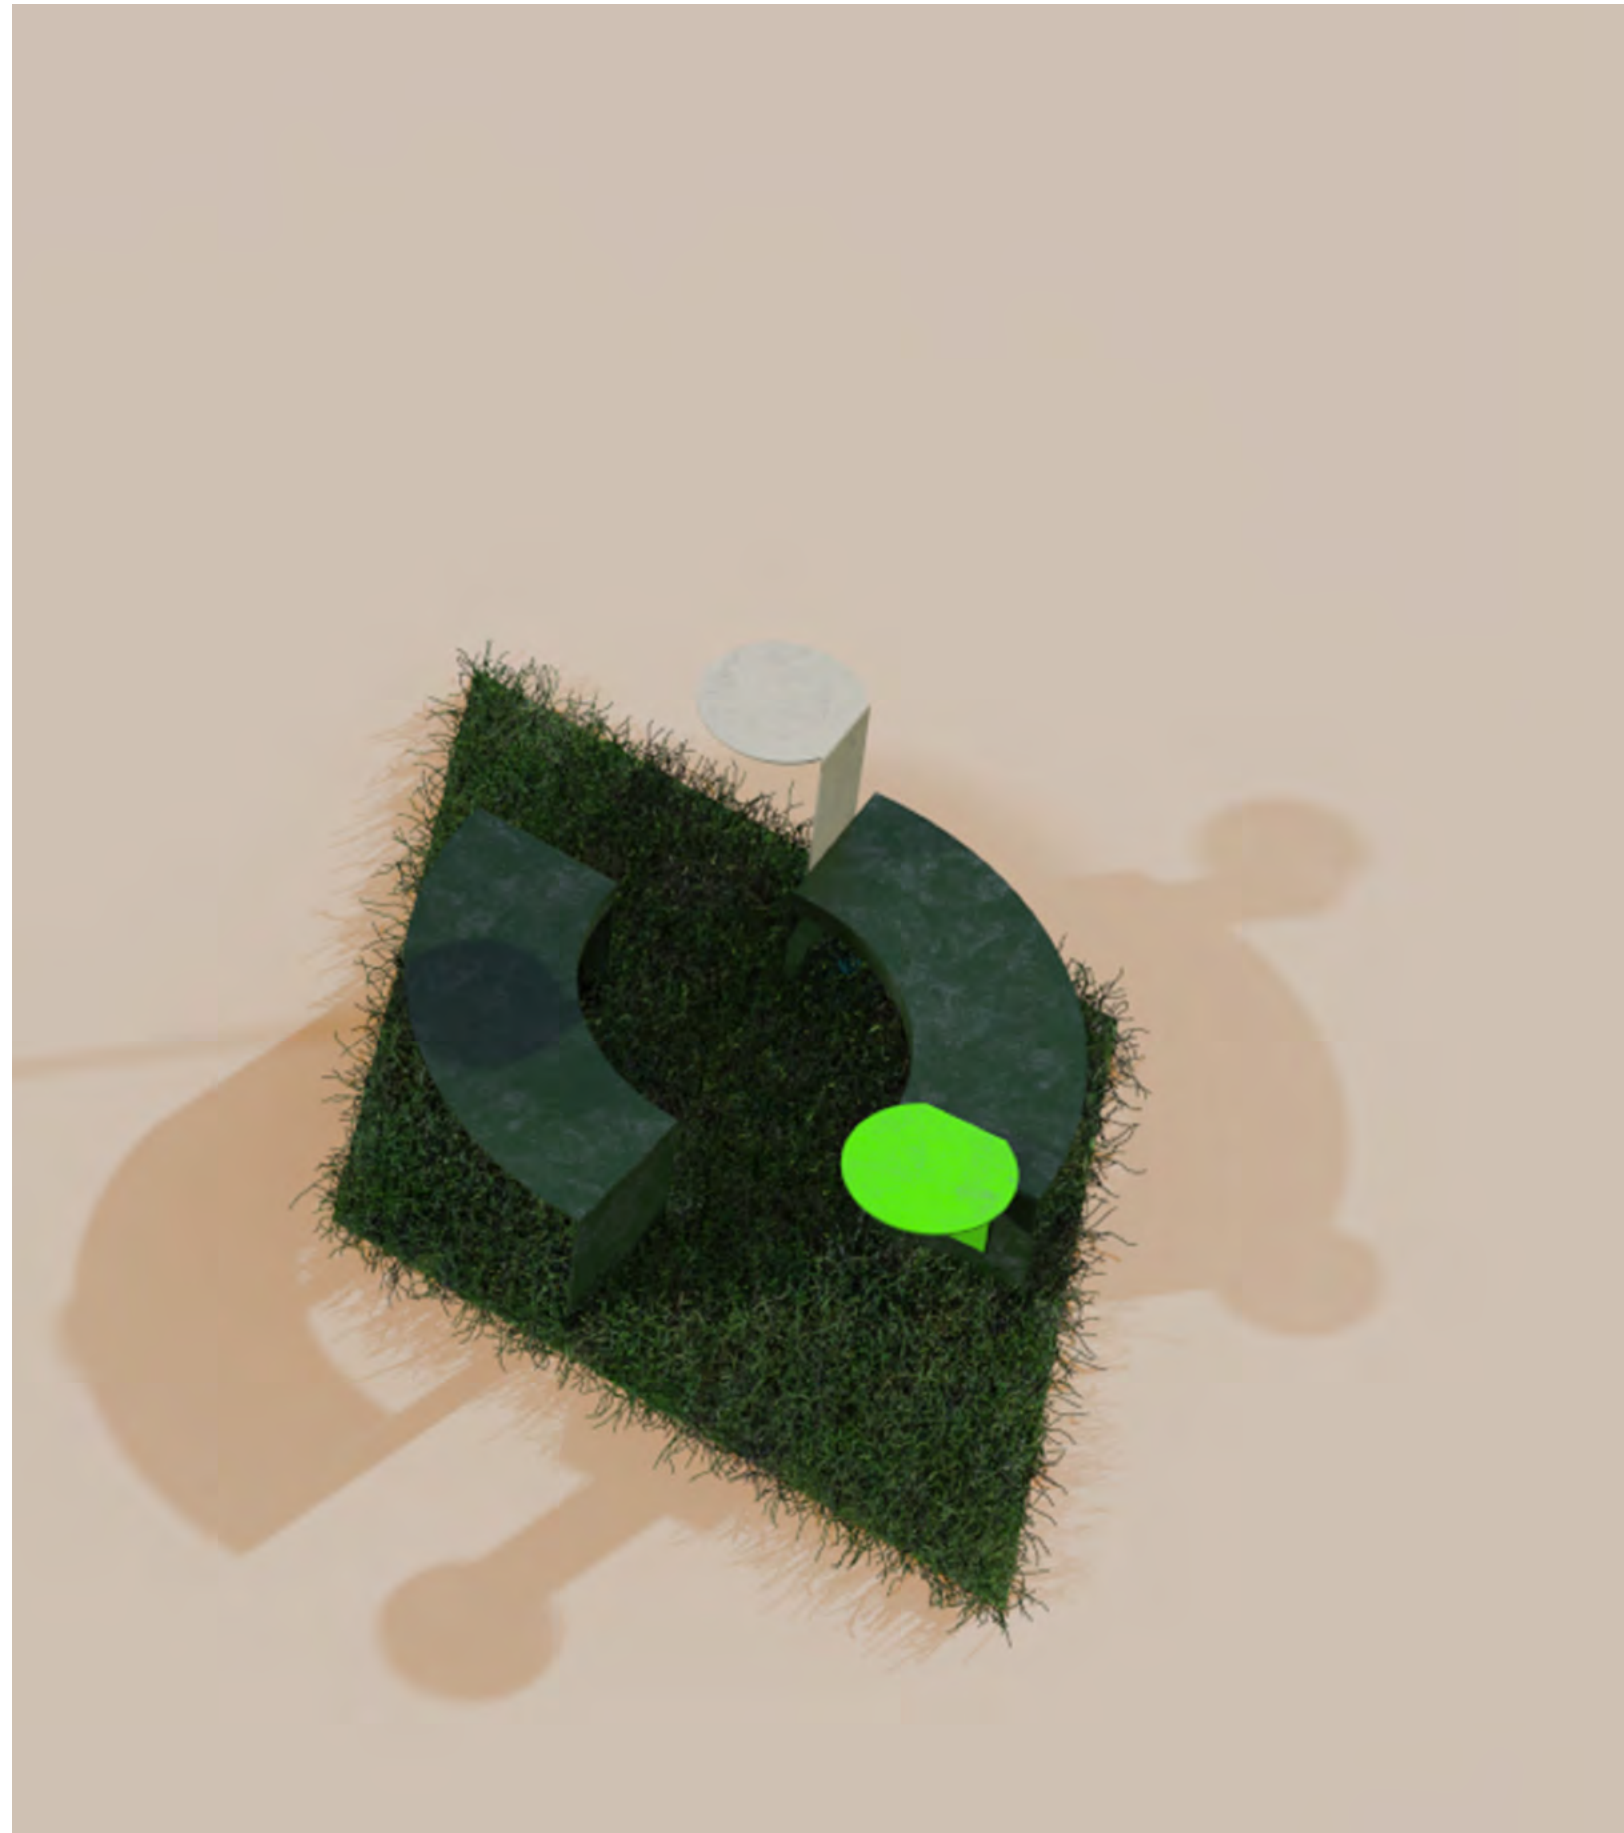

## Artificial Grass Panel
